

BOOTZCAST

Porcelain Finished Soakers

PROVEN STRENGTH

Known for its strength and pliability, steel has the perfect mix of properties to build bathtubs that last. Bootz has pressed durable tubs out of steel since 1938!

BRILLIANT AND BEAUTIFUL

The brilliance of porcelain is timeless and classic. Its delicate finish is matched only by its tough performance—the perfect canvas for showcasing tile walls.

GENUINE VALUE

Innovations like our proprietary honeycomb insulation system deliver cast iron quality at up to half the price. It's the lighter-weight, easier-to-handle alternative!

RELAX AND SOAK AWHILE

Better than your average steel tub, Bootzcast baths are built for soaking. With comfort features like a reclined backrest and maximum heat retention and sound absorption, Bootz baths make for long, indulgent dips. The limited lifetime warranty only adds to the sense of comfort and relaxation.

BOOTZCAST

Model# 7100/7101 (RH/LH)

Dimensions: 60" x 30" x 14 1/4"

Reclined Backrest

PREMIUM CAST BACKING

Premium models feature our redesigned insulation structure with honeycomb reinforcement. Its heat retention and sound absorption properties create the quietest baths that stay warmer nearly 30% longer than standard porcelain tubs and its protective attributes guard against handling and transportation damage.
