

Warmer. Quieter. Stronger.

NEW & IMPROVED
insulation technology
for premium Bootz
models

Bootz.com

Innovations That Drive Comfort

Bootz premium insulation redesigned for maximum warmth, minimal sound and ultimate durability.

Honeycomb structure for maximum strength

- Exclusive design featuring strong geometric pattern
- Increased static load strength and improved load dispersion
- Industry-approved design: Validated through 200+ end-user interviews

Premium Heat retention

- 30% warmer than standard porcelain-on-steel products

Sound deadening

- Absorbs sound for a quiet, peaceful bathing experience

Added reinforcement and ease of installation

- Added skirt braces to minimize apron flex
- Superior drain reinforcement
- Waste and overflow channel to accommodate plumbing
- Pre-leveled base for easier installation; no mortar required
