Porcelain Enameled Steel Shower Bases

ShowerCast 6032 with Square Grid Drain Cover

Sanitary

The Need For Clean

Porcelain is the most desirable sanitary surface available; it will never fade or stain.

Durable

Redefining Strong

Enameled steel structures are durable, eliminating the need for reinforcement. Porcelain enamel fixtures do not flex.*

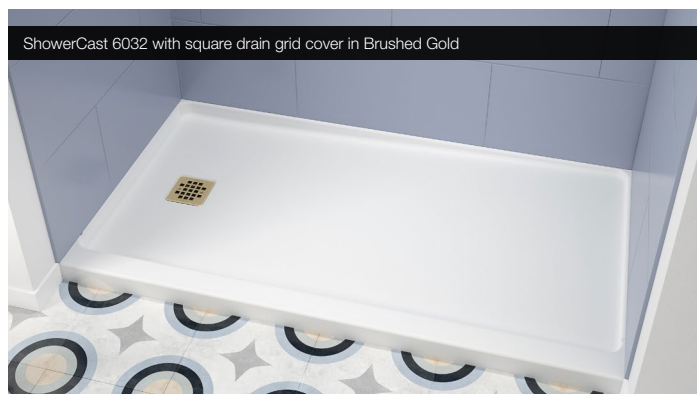

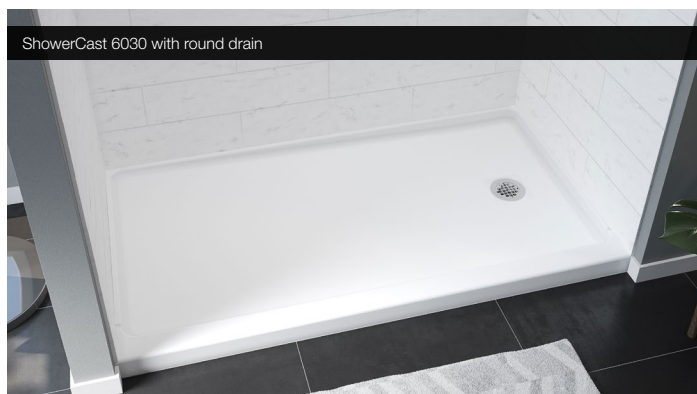

**When installed correctly and used as intended.*

Modern

Delivering The Contemporary Look

The bases feature a minimal skirt height, clean lines, and designer drain options.
