# REINFORCEMENT

## to Suit Your Needs

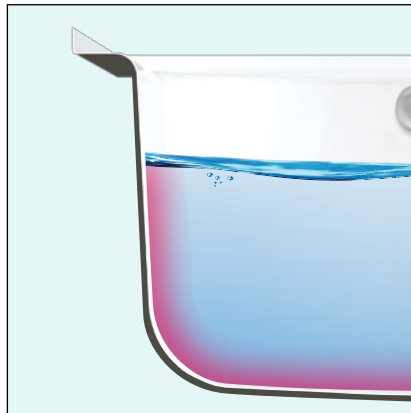

Bootz porcelain enameled bathing fixtures offer levels of backing and insulation to suit a range of requirements. Whether your project calls for standard durability, enhanced performance or premium insulation, we offer a mix of features that add up to real value.

### Standard

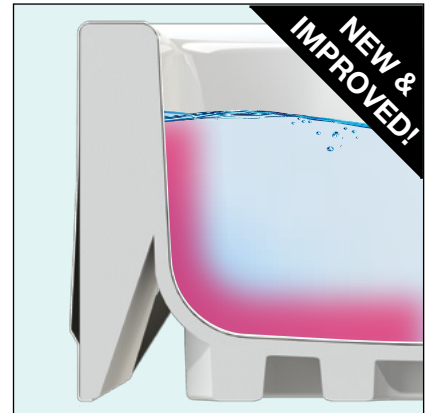

Durable, heavy-gauge steel for strong, light-weight construction that is easily repairable.

### Enhanced

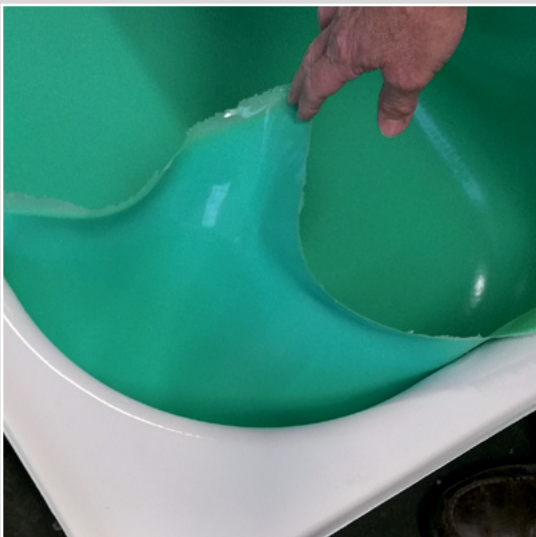

Enhanced backing includes SYNIRON composite material added as a uniform coating to the underside for improved heat retention and protection while handling and installing.

### Premium

Cast models feature our highest level of backing — NEW premium insulation designed to improve heat retention and noise absorption for a warmer, quieter bath. Exclusive honeycomb structure adds ultimate durability.

Available with

## **ARMORSHIELD™** Jobsite Protection

### Unmatched Protection

Thick protective coating guards against most jobsite damages.

### Peace of Mind

Stays firmly in place to protect the product's brilliant finish in all conditions.

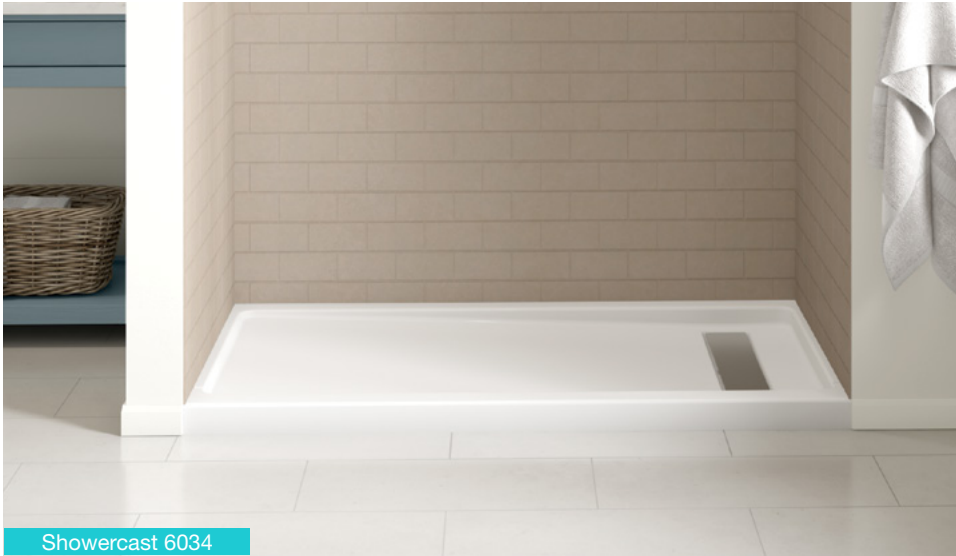

### Easily Removable

Easily peels away to reveal the untouched, glossy surface.

To order, add an "A" at the end of the model number (XXX-XXXX-XXA)
