Clarion sells products through a vast network of wholesale distributors.

Please check for a wholesaler near you, using the “Where To Buy” feature on our website www.ClarionBathware.com.

Better Starts Now!

Clarion Bathware products are now made with Armorcore™ and AcrylX™

AcrylX

with the strength of

ARMORCORE™

EXCEPTIONAL STRENGTH
SUPERIOR FINISH
LIFETIME WARRANTY

EXCEPTIONAL STRENGTH

The Strength of **ARMORCORE™**

- AcrylX™ with the strength of ArmorCore™ eliminates the hassle of damages that occur during handling and transportation that cost time and money.
- We've eliminated the common issues associated with traditional base construction. No more expensive repairs!
- ArmorCore™ has been tested far beyond industry standards. Even at 1,800 lbs of pressure it refuses to fail.

SUPERIOR FINISH

- AcrylX™ has a visibly true white, deep lustrous finish that can only be achieved with an acrylic surface. We've upgraded the value of the everyday product.
- Whether in a warehouse or a new house an AcrylX™ product will resist scratching, cracking and chipping and will maintain a "factory-new" finish over its lifetime.
- AcrylX's™ UV properties resist fading, low porosity helps maintain luster and makes cleaning easier, and other natural properties make it less susceptible to chemicals. All enhancing value and reducing everyday issues.

SIMPLY EASY

- No more wasted time looking for the design and configuration customer needs. We have hundreds of models to choose from. Our entire everyday offering is now available to you in AcrylX™ with the strength of ArmorCore™.
- You can be confident that we will stand behind our products 100% of the time, so you can be confident in selling our products to your customers. We've backed AcrylX™ with the Strength of ArmorCore™ with an unprecedented Lifetime Warranty.
- Our new AcrylX™ with the Strength of ArmorCore™ increases the value of our everyday product without changing model numbers, specifications, SKUs, or price!

AcrylX™ with the strength of **ARMORCORE™**
AcrylX™ with ArmorCore™, shown above at left, compared to standard gelcoat unit, at right.

AcrylX™, Applied Acrylic offers a high gloss, truer white finish. The finish material is less porous which creates an easier to clean surface. The high luster results in a longer lasting finish, meaning a factory new look years after installation.

The structural integrity is greater than previous products; reducing the chances of surface cracks during transportation and installation.

ARMORCORE™

ArmorCore™ RRP (Resin Reinforced Product) offers unprecedented structural strength in everyday bath products. Testing demonstrates a 600% above code weight rating on the base while only increasing the unit weight by an average of 1-3%.

ArmorCore™ RRP outperforms traditional FRP due to the integral nature of its chemically bonded resin structure. ArmorCore™ RRP does not require foundation or bedding material for installation.

ArmorCore™ RRP produces the strongest, most resilient product in the industry, impervious to moisture and freezing, and better suited to the rigors of construction than any other product.

WHAT IS E-Z PIN?

Clarion's patented E-Z Pin System makes installation quick and easy!

E-Z Pin is a patented innovative alignment and attachment system utilized in our sectional tub and shower units for quick and easy installation from the front.

PATENTED

E-Z Pins

Corner
(Front View)

Corner
(Back View)

E-Z INSTALLATION EASY TO INSTALL- NO NUTS OR BOLTS

With Clarion Bathware's patented E-Z Pin™ System, installing a shower or tub/shower has never been easier. No nuts or bolts are required during the installation, and all E-Z Pin™ units can be installed at any stage of the construction process.

The E-Z Pin™ System enables professionals and do-it-yourselfers to roughly fit the shower or bathtub into the framing pocket and easily remove it to make adjustments to the pocket or drain. The units can literally be installed in four E-Z steps.

**Optional on two- and three-piece sectionals. Standard on four-piece sectionals.*

**ONLY
4
E-Z STEPS**

Step 1 Frame a square and plumb pocket.

Step 2 Set, level and secure the base.

Step 3 Apply sealant and install back wall using Clarion's patented E-Z Pin™ system.

Step 4 Apply sealant and install left and right walls using the E-Z Pin™ system.

**For full instructions, please visit www.ClarionBathware.com.*
