ADA-COMPLIANT

Various Clarion ASSISTED LIVING and AGING IN PLACE models are ADA-compliant, when properly accessorized. That means these select products fit within the regulations set forth by the American with Disabilities Act.

Better Starts Now!

Clarion Bathware products are now made with AcrylX™

AcrylX

EXCEPTIONAL STRENGTH
SUPERIOR FINISH
LIFETIME WARRANTY

INDEPENDENCE LINE®

Industry trusted for over 25 years

Clarion Bathware's Independence Line® is built for the long run. Durable AcrylIX™ products designed for years of comfort and service. From American-made Clarion Bathware.

When properly accessorized, these models comply with both ADAAG and ANSI A117.1.

TRUSTED SOLUTIONS

STANDARD NAUGAHYDE PADDED 4 LEGGED FOLDING SHOWER SEAT

- Frame available in stainless steel and powder coated white.
- Folds up for easy access.
- Standard seat

ZURN® PRESSURE BALANCING MIXING VALVE

Automatically adjusts to equalize the hot and cold water pressure.

WHERE TO BUY

Clarion Bathware products are available through our vast network of wholesalers. You will find many of our products in stock and custom orders can be done directly with the wholesaler. Please contact your nearest wholesaler for price and availability.

FACTORY DIRECT SHIPPING

Clarion Bathware ships direct from our manufacturing facility in Marble, Pa., on our own fleet of air-ride trailers. Clarion's company drivers guarantee you on-time delivery and safe handling of our made-to-order bathware products.

To locate a wholesaler near you, go to www.ClarionBathware.com and go to "Where to Buy" at the top right of the home page.

OUR WARRANTY

The bathroom has to be as tough as it is beautiful. Durable and resistant to stain or mildew. That's Clarion Bathware.

Our hard, non-porous surfaces hold up to real life. Our colorfast products wipe to a shine without scrubbing so they're easy to maintain.

LIFETIME WARRANTY

Clarion Bathware's Residential Limited Lifetime Warranty covers all AcrylX™ products against defects in material and workmanship to the original purchaser.

CAST ACRYLIC WARRANTY

Clarion Bathware's 5 Year Cast Acrylic Warranty covers all cast acrylic products against defects in material and workmanship.

WARRANTY CLAIMS:

On your new Clarion unit, you will find a medallion sticker. On this sticker it says "Clarion" and then has a Medallion Number that starts with "CL", PLEASE do not remove this sticker. This number will be needed if you would require a warranty claim to be processed.

E-Z Pin Makes Installation EZ

E-Z PIN

With Clarion Bathware's patented E-Z Pin System, installing a shower or tub/shower has never been easier. No nuts or bolts are required during the installation, and all E-Z Pin units can be installed at any stage of the construction process.

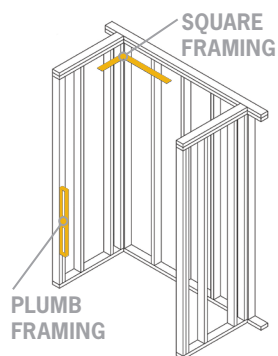

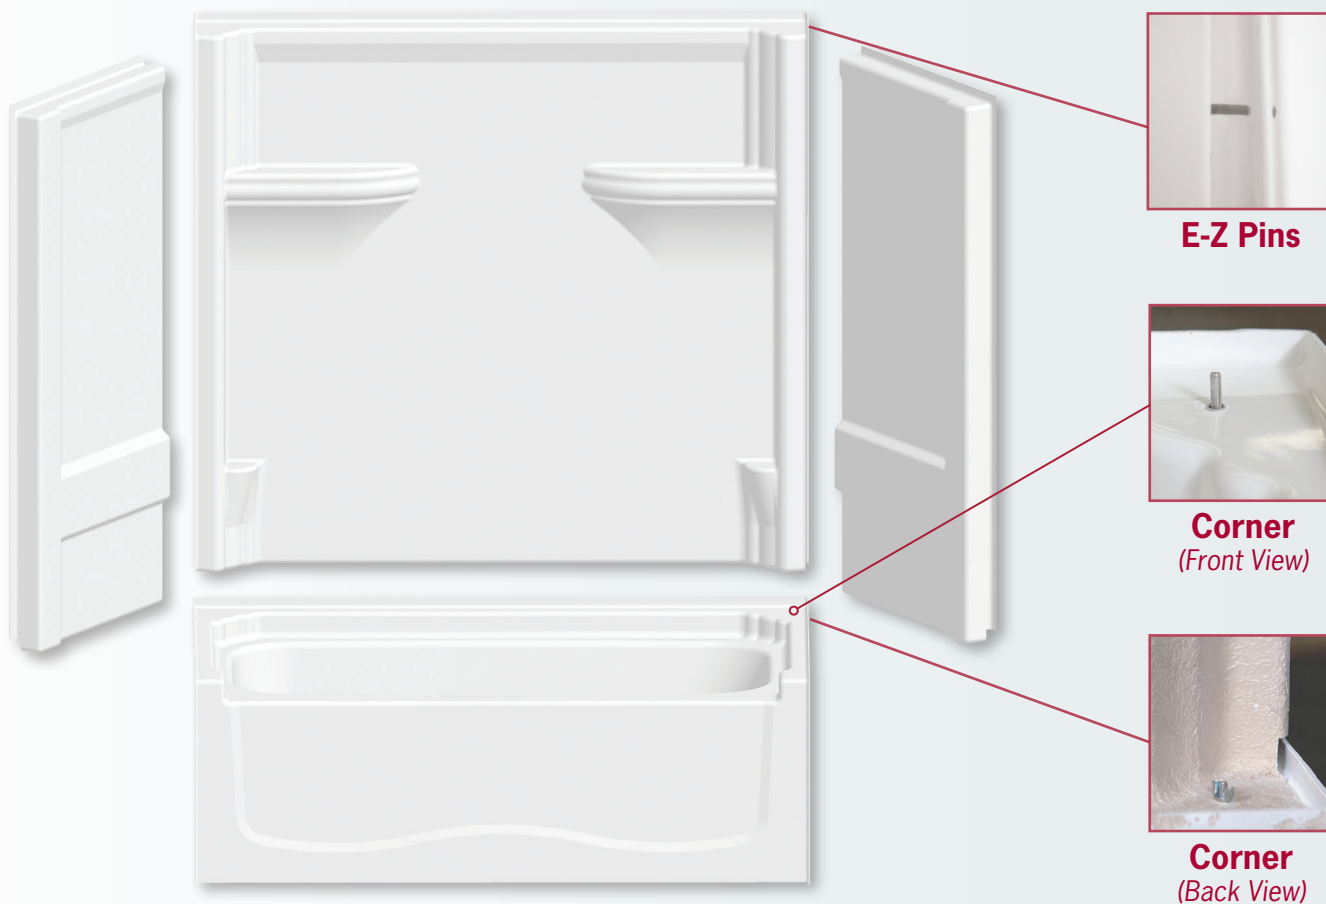

The E-Z Pin System enables professionals and do-it-yourselfers to roughly fit the shower or bathtub into the framing pocket and easily remove it to make adjustments to the pocket or drain. The units can literally be installed in four E-Z steps.

*Optional on two- and three-piece sectionals. Standard on four-piece sectionals.

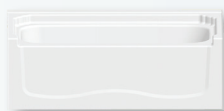

E-Z PIN

EASY TO INSTALL—NO NUTS OR BOLTS

Step 1

Frame a square and plumb pocket.

Step 2

Set, level and secure the base.

Step 3

Apply sealant and install back wall using Clarion's patented E-Z Pin system.

Step 4

Apply sealant and install left and right walls using the E-Z Pin system.

**For full instructions, please visit www.ClarionBathware.com.*

SUPERIOR SAFETY STANDARDS

Clarion Bathware ships assisted care products nationwide. Available with pressure balanced mixing valves and 1 ½" stainless steel grab bars with 3" X 3" steel backing plates.

Model No. MP6436LBFKD34

Standard Color: White.
Premium Colors Available. See page 51.

INDEPENDENCE LINE® ASSISTED LIVING & PERSONAL CARE

Including ADA-compliant products you can trust. Quality and value for assisted living and personal care facilities from Clarion Bathware.

Our showers and tub/showers offer enhanced independence and safety. These models come standard with slip-resistant floors and can be customized with a wide range of accessories and options.

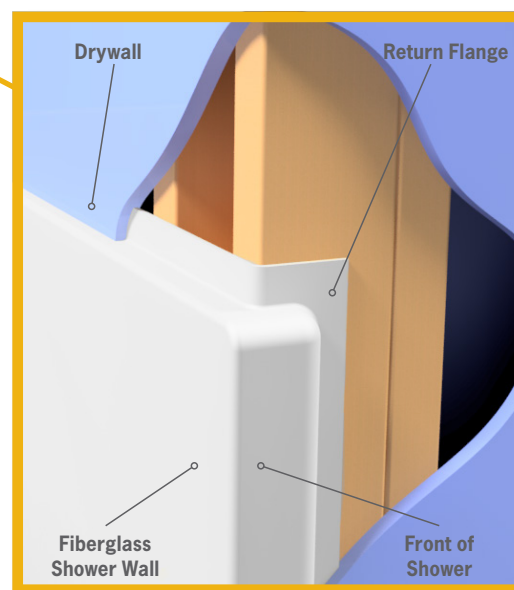

ADA-compliant

BEST ADA SHOWER FLANGE DESIGN

IT DOESN'T GET ANY BETTER !

SIDE RETURN FLANGE

- Clean look
- Simplifies installation
- Saves install and finish time \$
- Meets all ADA Compartment Entry Specifications

INSTALLATION EXAMPLE

IT'S A GREAT IDEA!

Available Models

- MF3837LBF34 or MF3837RBF34
- MF3837LBF34CD or MF3837RBF34CD
- MF3837DBF34CD
- MF6538LBF78 or MF6538RBF78
- MF3940LKD34CD or MF3940RKD34CD

Available in

- right hand
- left hand
- *double return

SIDE RETURN FLANGE

Return flange on the seat wall makes compliance with **ADA & ICC A117.1-2017** transfer shower code a snap! Just install per instructions and folding transfer shower seats will be within 3" of the shower compartment opening per code. Return Flange units provide a great finished fiberglass solution compartment entry, establishing absolute compliance for these shower units, eliminating construction errors for this issue.

SUBWAY TILE SHOWERS

A new, modern take on a simple design that emulates the charm of the New York City subway.

The clean lines add elegance to both modern and traditional homes as the Subway Tile line offers the AcrylX™ finish to provide a luxurious surface that beautifies your bathroom. The hard surface means fewer scratches and easy-to-clean tile for less hassle and more relaxation.

Durable one-piece units feature strong, AcrylX™ fiberglass construction.

MP8032STL or MP8032STR
60"W X 33"D X 81"H

FOR LOW PROFILE $\frac{3}{4}$ " SHOWERS

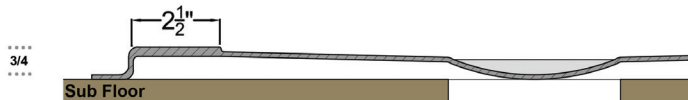

CLARION'S QUICK & E-Z INSTALLATION

Clarion's $\frac{3}{4}$ " ADA-compliant showers all use our E-Z install floor flange, making installations easy, clean and secure without having to recess.

All Clarion Bathware $\frac{3}{4}$ " barrier-free models meet ADA Standard 608.3 when flooring is finished properly.

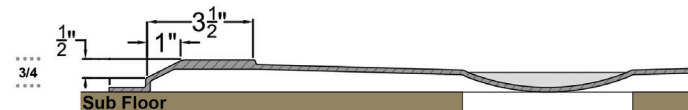

TRANSFER SHOWER FLOOR FLANGE

Clarion's $\frac{3}{4}$ " barrier-free threshold for ADA-compliant transfer showers.

$\frac{3}{4}$ " ROLL-IN SHOWER FLANGE

Clarion's $\frac{3}{4}$ " barrier-free threshold for ADA-compliant roll-in showers.

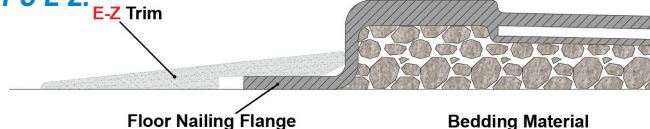

E-Z FLOOR FLANGE

Clarion Bathware offers E-Z Floor Trim for quick and easy installation to finish off the floor nailing flange. (Meets ADA Standard 405 for slope.)

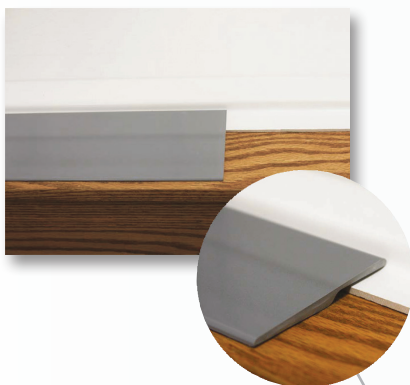

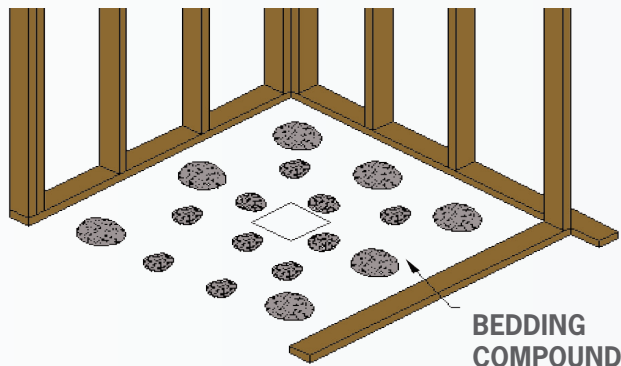

Get approval from your local code inspector before installation.

IT'S E-Z!

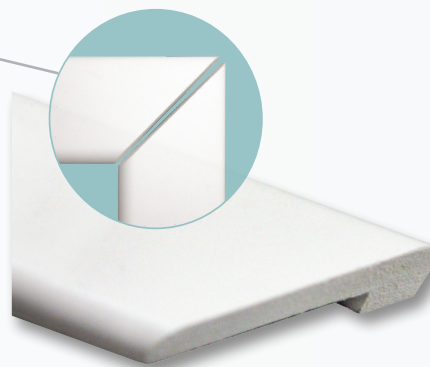

Mounding Method

Clarion's installation program simplifies the bedding support requirement by using self spreading mounds of light weight plaster. The light weight plaster compresses and spreads as the shower floor presses into the pocket, making a sturdy and void free foundation.

E-Z FLOOR TRIM

Clarion's E-Z Floor molding simply fits over our $\frac{3}{4}$ " floor attachment flange making a clean, easy and quick transition to the floor.

E-Z WALL TRIM

Clarion's E-Z Wall Trim is a composite material that is impervious to water, can be attached with silicone caulking, finish nails or screws. E-Z Trim can also be painted to match your decor.

TK-EZ (premiered)

E-Z INSTALL PRE-LEVELLED FLOOR

New E-Z Install Pre-Levelled Floor Option

Introducing our new pre-levelled floor system available for all 3/4 inch barrier-free units

Figure 1

- Saves time
- No saw needed
- Simplified standard install
- Removable shipping legs
- Unit will install level on any properly prepared flat surface

Unit now comes with removable shipping blocks attached on the bottom of the back wall (as seen in Figure 1).

Remove the screws with a screwdriver (Figure 2), then remove and discard the shipping blocks (Figure 3). The unit will now sit level on any flat and level surface.

***Note Pre-Levelled Floor systems are not self-supporting and require bedding material for proper installation. See installation instructions for details.**

For Best Results Always:

- Use a level during installation
- Read and follow instructions

New E-Z Install

Leave the saw outside!
Our new pre-levelled floor eliminates the irritating hassle of sawing off the legs and leveling the unit on site.

CARE INSTRUCTIONS

Put that scrub brush away. This is bathware made for real life – as tough as it is beautiful and so easy to maintain.

That's the luxury of Clarion Bathware.

Our hard, non-porous surfaces are colorfast, durable and resistant to mildew. That means they'll wipe to a shine

BASIC CARE INSTRUCTIONS

Wipe after each use:

It is common for a tub/shower to build-up residue due to repeated exposure to various soaps, shampoos, conditioners, body washes, oils as well as minerals in your water. Reduce daily build-up by wiping away excess water on the tub and shower walls with a clean soft cloth or squeegee after each use. This quick and E-Z step will prolong the unit's natural luster between cleanings and shorten the actual clean time.

Clean regularly:

Clean your tub/shower regularly with a non-abrasive spray or creambased cleansing agent and a sponge or soft cloth. Never use abrasive pads or brushes, for they can scratch and dull the surface your unit, as well as shorten the life of it.

Polish regularly:

Eliminate fine scratches by polishing your tub/shower walls with ca wax and a soft cloth. Avoid waxing the unit's floor for safety reasons. The wax will make surfaces extra slippery and therefore unsafe to step or walk on.

Repair nicks or damaged surfaces asap:

Call our customer service department for guidance on how to make basic repairs.

OUR PROMISE

Prepared for a long and satisfying relationship? Because we're not going anywhere. After more than 50 years in business, Clarion Bathware is American-made quality you can trust.

Every Clarion product is backed by the longest warranty in the industry. And if you do have a question or concern, our American-based staff is ready to provide you with the highest level of customer service.

We don't think you would expect anything less from the everyday luxury of Clarion Bathware.
