Chromatherapy

Bathe yourself in a kaleidoscope of colours to reach optimal health

When dispersed through the water, individual colours create unique energy with the proven ability to heighten or alter a person's mood. MAAX Chromatherapy offers colours to bring different nuances to your bath experience and adds a new dimension of colour therapy to every immersion you can enjoy. Underwater lamps (LED) let you enjoy the full rainbow of colours, select one specific colour or change them at your whim with an easy front access.

Each colour proven to enhance your bath in a unique way

WHITE

Purifies your spirit and offers refreshing peace. Works wonders for headaches.

BLUE

It's the source for true relaxation. Calms in stressful times and indulgent to the senses.

AQUAMARINE

Offers balance and relief from inflammation.

GREEN

Calms your mind, body and soul. Provides both relief and stability.

ORANGE

Soothes a sore, tired body. Stimulates circulation and the respiratory system.

RED

Stimulates and rejuvenates. Creates a mood of excitement and activates circulation.

PURPLE

Promotes a true sense of tranquillity. Reduces anxiety and detoxifies.

Professional line includes 1 light.

Collection line includes 2 lights.

NOTE: The Chromatherapy can be installed on a bathtub with or without a system.
