About Produits Neptune

Expressing our difference clearly, innovating with relevant product offerings, staying connected to customer needs, and being in tune with our business partners. These are principles that reflect Produits Neptune's intimate conviction that life is more beautiful when it is surrounded by beauty.

Our offering includes a wide range of bathroom products made in Canada, such as bathtubs, showers, shower doors, as well as sinks and toilets.

The first company in North America to earn certification ECORESPONSIBLE, Produits Neptune provides inspiring, well-thought out product lines with enough flexibility for you to mix, match, and create your own chic, bathroom signature. With Produits Neptune, everything is possible, and everything is simple. It's all yours to enjoy, a perfect balance of form and function.

Bern Freestanding Bathtub

Neptune Series

Design for everyday living is the driving force behind our vision for the Neptune Series. We excel at developing products that combine high-end design, innovation, and functionality for everyday use. The Neptune Series is also there to help facilitate bathroom projects by offering a complete collection of products and accessories, in a simple and integrated concept that suits every style, from traditional to contemporary.

Choose the Neptune Series for a single destination for all your bathroom needs and designs meticulously crafted to harmonize.

WHIRLPOOL SYSTEM

The Most Vigorous Hydro Massage

For the athlete in you

Vigour

Our whirlpool massage is the most vigorous of all of our systems. With a forceful propulsion of water and warm air, it provides a deep tissue massage that oxygenates your muscles, while stimulating your blood flow and circulatory system.

Water flow is adjustable, from soothing to energetic, and multi-directional jets located strategically along the contour of the bathtub make it easy to focus on specific stress points. Combining neck, back, and foot massage results in an instant revitalizing experience.

IN ADDITION

Safety. Secura suction, built-in to the vertical contour of the bathtub, makes the system perfectly safe for the whole family. If obstructed, the system self-regulates or stops automatically.

Options. Enhance your experience with the inline heater.

CONTROL

- Built-in to the shell of the bathtub
- Easy start-up
- Designed to fit the style of the bathtub

BACK JETS

A Whirlpool System Complement For Upper And Lower Back Care

A back massage in the comfort of your own home

Greater well-being

Surrender to back jets for that immediate release of tension in your back and shoulders. Designed with the expertise of massage professionals in mind, the back jets work in combination with the whirlpool system. Located strategically in the bathtub's backrests, micro-rotating back jets energetically propel the water onto critical parts of your back and shoulders. You can adjust the water pressure according to your specific needs.

CONTROL

- Activated by whirlpool system control
- Diverter valve to control jet intensity

Warning: A bathtub fitted with back jets may cause the pump to protrude by +/- 3" from the overall dimension.

MASS-AIR SYSTEM

A Full Body Pillow Of Soothing Bubbles

An all-encompassing blanket of bubbles

Relaxation

Our mass-air system creates the delightful experience of softly floating on a cushion of soothing bubbles for a gentle, relaxing massage. Customize your experience by adjusting the system's intensity.

The mass-air system propels warm air into the water through injectors located on the bottom and on the backrests of the bathtub. Multiple outlets in each injector create the sensation of an embracing pillow of air.

IN ADDITION

Perfectly hygienic. Thanks to non-return valves in each injector, no water enters the approved tubing, preventing the formation of bacteria in the system. Twenty minutes after the massage, a drying cycle activates to clean and dry all conduits.

A safe system. Superior-quality tubing and jets that meet the highest standards and a highly controlled manufacturing process that guarantees complete peace of mind.

CONTROL

- Built-in to the shell of the bathtub
- Backlit
- Easy start-up

NOTE: Select models come with a remote control, and no back jets. Consult the spec sheet on the website for more information.

ACTIV-AIR & AIR SYSTEM

A Gentle And Soothing Swirl Of Hydro Massage

A caressing, lengthy, and well-deserved break

Softness

The activ-air massage system recreates the stimulating effect of bathing in the oxygenated water of rapids. As a gentle and soothing swirl, the activ-air system maximizes wellness and relaxation. Customize the experience by adjusting the intensity.

The activ-air massage system includes dozens of micro-injectors strategically located along the bottom of the bathtub contour and in the backrest. Warm air is then injected into the water creating thousands of bubbles that completely envelop your body.

IN ADDITION

Perfectly hygienic. The configuration of conduits and injectors allows the system to completely drain after use. Twenty minutes after the massage, a drying cycle activates to clean and dry all conduits.

A safe system. Superior-quality tubing and jets that meet the highest standards and a highly controlled manufacturing process that guarantees complete peace of mind.

CONTROL

- Built-in to the shell of the bathtub
- Backlit
- Easy start-up

Activ-Air System

Air System (with remote control)

COMBO SYSTEMS

Your Customized Wants And Needs

Optimize the art of bathing

Our combo systems allow you to make the most of your hydro massage experience. Benefit from a complete range of massages that can relax or stimulate you depending on your mood or need. Produits Neptune proposes four combo options.

Whirlpool + Mass-Air Whirlpool + Activ-Air + Mass-Air

Benefit from the vigorous whirlpool system or enjoy the gentle, comforting effect of an air cushion through mass-air system.

Whirlpool + Activ-Air

The invigorating force of the whirlpool system mixed with the stimulating effect of dozens of micro-jets built-in to the base and contour of the bathtub. An experience you can regulate according to your needs.

Activ-Air + Mass-Air

Combine the feeling of well-being from dozens of activ-air micro-jets positioned around the contour and the unique air cushion effect created by mass-air.

The complete experience. By combining the three systems, Produits Neptune provides a complete range of massages and experiences. Relaxing, energizing, or simply cozy, you can vary the experience according to your needs. Easy start-up and control... Let us soothe you with water and warm air.

CONTROL

Nirvana at your fingertips. Regardless of the combo you choose, your system will be equipped with a single control unit built-in to the bathtub's shell. Backlit, ergonomic and easy to start, its design adapts to the style of your bathtub.

OPTION RAYOLA

Total Relaxation

Heated cushions soothe your back and shoulders

Heat

Heated backrest option. The experience of relaxation is brought to the next level by the Rayola option. Unwind from your daily stress with heated back support specifically designed for total relaxation. An innovation that will provide well-being and immediate comfort.

Two settings. Integrated into the bathtub, the electronic control allows you to choose between two heat settings, ensuring an experience adapted to your needs.

Energy efficient. With its environmentally-friendly design, the Rayola option consumes only a fraction of energy.

EASYS CLEAN FINISH

Shower Doors Perfect Protection

Produits Neptune applies a cutting-edge protective coating that repels water and dirt, ensuring easy cleaning and an extended life for your shower doors.

- Nanocoat technology
- Strong hydrophobicity
- Improved appearance
- Repels water, soil, stains and buildup
- More than 110° surface contact angle
- Easier cleaning
- Perfect protection
- Up to 10 years durability

*Use neutral detergent to wash your doors

WARRANTIES AND CERTIFICATIONS

Effective April 1st, 2024

PRODUITS NEPTUNE QUALITY

Your product has been inspected and tested by our specialists to ensure compliance with Produits Neptune high quality standards.

ICC-ES OR IAPMO

Our products and their components have received ICC-ES or IAPMO certification, which attests to their quality and reliability.

UPC

IAPMO: All our porcelain products have received UPC certification.

WATERSENSE

Our toilets have received WaterSense certification.

CERTIFICATION ECORESPONSIBLE

Our products are certified ECORESPONSIBLE, recognizing Produits Neptune's initiatives towards limiting its environmental footprint.

WARRANTY

Produits Neptune warrants to the original purchaser and consumer that its products will be free from defects in material or workmanship when properly installed, pursuant to Produits Neptune installation instructions for the units and their respective warranty periods. Each Produits Neptune product has been subjected to rigorous quality controls and we guarantee that it conforms to the highest quality standards. In order to ensure a trouble-free installation, we strongly recommend that you read the installation manual and our warranty terms joined with the product carefully before beginning any work. Our warranty covers parts and labor for repairs only and does not cover additional costs related to defective product replacement.

BATHTUBS & SHOWERS

ACRYLIC SHELL: Produits Neptune guarantees that acrylic units are free of any defects in materials and workmanship under normal use and service for a period of twenty-five (25) years starting from the initial date of purchase by the owner/user, contractor, or builder from an authorized dealer.

SOLID SURFACE: Produits Neptune guarantees that solid surface units are free of any defects in materials and workmanship under normal use and service for a period of ten (10) years starting from the initial date of purchase by the owner/user, contractor, or builder from an authorized dealer.

ACRYLIC: Produits Neptune guarantees that acrylic sink units are free of any defects in materials and workmanship under normal use and service for a period of five (5) years starting from the initial date of purchase by the owner/user, contractor, or builder from an authorized dealer.

DRAINS

Limited two-year warranty against manufacturing defects on all parts and chrome finish when ordered with the unit. Limited 1-year warranty against manufacturing defects on all parts and chrome finish when ordered as an accessory.

PARTS

Limited 1-year warranty against manufacturing defects.

IMPORTANT!

- When a showroom product is sold, the warranty period begins on the date of purchase from Produits Neptune by the retailer.
- For commercial use, all products have a 1-year warranty against manufacturing defects.
- The Produits Neptune warranty is solely for the personal household use of the original owner/user and starts on the date of purchase from Produits Neptune by the retailer. The warranty will take effect when the original owner/user presents the original bill of sale. The warranty is not transferable to subsequent owners. All products replaced or repaired by a qualified and certified technician during the warranty period will still be covered for the remainder of the original warranty.
- This warranty shall not apply in the case of non-compliant or incorrect operating procedures, breakage or damage caused by normal wear and tear, fault, negligence, abuse, misuse, misapplication, improper maintenance, alteration or modification of the product, as well as chemical or natural corrosion, fire, flood, or any other fortuitous event. This warranty shall not apply to stains or malfunctions caused by natural disaster, ferrous water, hard water or salty water.
- Like any product of lasting quality, Produits Neptune products and accessories require a certain amount of upkeep to preserve their finish. Clean your new Produits Neptune product with a mild soap, rinse thoroughly with warm water, and dry with a clean, soft cloth. Never use cleaning products containing abrasive agents, ammonia, bleach, acid, wax, alcohol, or solvents. Failure to comply with these maintenance instructions may invalidate the Produits Neptune warranty.
- No return on products sold in liquidation.
- No warranty on products sold in liquidation.
- No return on products sold with a system or option.
- All systems and options automatically come in the same colour as the bathtub unless otherwise specified on the purchase order.
- No return on products sold more than 6 months ago.
- 1-year guarantee on purchased parts.

Pia Alcove Bathtub

Entrepreneur Series

The Entrepreneur Series offers practical and functional bathtubs, showers, shower bases and shower doors, ideal for all projects, whether new construction or renovation. Reliable, durable products made from high-quality acrylic, our innovative designs facilitate installation with time-saving solutions, and include some products available in one or more pieces.

The Entrepreneur Series: for efficiency, quality and local production, the choice is clear.

WHIRLPOOL SYSTEM

The Invigorating Force Of Water And Warm Air

For the athlete in you

Vigour

Our whirlpool massage system projects a powerful blend of water and warm air for a wonderfully invigorating sensation. As the most vigorous of all our systems, the whirlpool system provides a deep muscular massage. It stimulates the body, blood flow and the lymphatic system, favors oxygenation of the muscles, and relieves stress due to tension. A true moment of renewal.

The whirlpool system projects water and warm air through directional jets located strategically along the vertical contour of the bathtub.

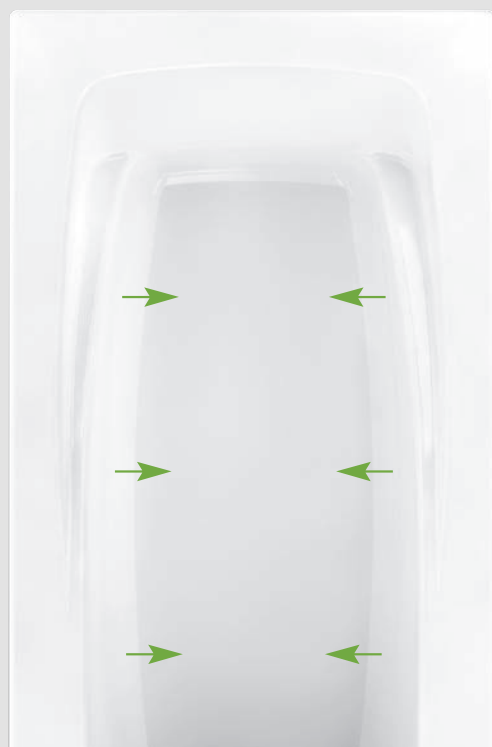

IN ADDITION

Safety. Secura suction, built-in to the vertical contour of the bathtub, makes the system perfectly safe for the whole family. If obstructed, the system self-regulates or stops automatically.

Options. Enhance your experience with the inline heater.

CONTROL

- Built into the shell of the bathtub
- Easy start-up

ACTIV-AIR SYSTEM

The Effervescent Energy Of White Water

A long, gentle, well-deserved break

Softness

The activ-air massage system recreates the stimulating effect of bathing in the oxygenated water of waterfalls. As a gentle and soothing swirl, the activ-air system maximizes the therapeutic effects of relaxation.

The activ-air massage system includes dozens of micro-jets strategically located along the bottom of the bathtub contour. Warm air is then injected into the water creating thousands of bubbles that completely envelop your body.

IN ADDITION

Perfectly hygienic. The configuration of conduits and injectors allows the system to completely drain after use. Twenty minutes after the massage, a drying cycle activates to clean and dry all conduits.

A safe system. Superior-quality tubing and jets that meet the highest standards and a highly controlled manufacturing process that guarantees complete peace of mind.

CONTROL

- Built into the shell of the bathtub
- Easy start-up

COMBO SYSTEM

Choose Your “Cloud Nine” Combo

Optimize the art of bathing

Our combo systems allow you to make the most of your hydro massage experience. Benefit from a complete range of massages that can relax or stimulate you depending on your mood or need.

Whirlpool + Activ-Air

The invigorating force of the whirlpool system mixed with the stimulating effect of dozens of micro-jets built-in to the base and contour of the bathtub. An experience you can regulate according to your needs.

IN ADDITION

Safety. Secura suction, built-in to the vertical contour of the bathtub, makes the system perfectly safe for the whole family. If obstructed, the system self-regulates or stops automatically.

Options. Enhance your experience with the inline heater.

Perfectly hygienic. Twenty minutes after the massage, a drying cycle activates to clean and dry all conduits.

A safe system. Tubing and jets that meet top-notch standards, and a highly controlled manufacturing process that guarantees complete peace of mind.

CONTROL

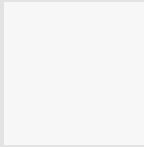

- Built into the shell of the bathtub
- Easy start-up

ENTREPRENEUR

PRODUITS NEPTUNE QUALITY

Your product has been inspected and tested by our specialists to ensure that it is compliant with our high Produits Neptune Entrepreneur quality standards.

ICC-ES OR IAPMO

Our products and their components have received ICC-ES or IAPMO certification, which attests to their quality and reliability.

UPC

IAPMO: All our porcelain products have received UPC certification.

CERTIFICATION ECORESPOSIBLE

Our products have been certified ECORESPOSIBLE, recognizing Produits Neptune Entrepreneur's initiatives towards limiting its environmental footprint.

WARRANTY

Produits Neptune Entrepreneur warrants to the original purchaser and consumer that its products will be free from defects in material or workmanship when properly installed, pursuant to Produits Neptune Entrepreneur installation instructions for the units and their respective warranty periods. Each Produits Neptune Entrepreneur product has been subjected to rigorous quality controls and we guarantee that it conforms to the highest quality standards. In order to ensure a trouble-free installation, we strongly recommend that you read the installation manual and our warranty terms joined with the product carefully before beginning any work. Our warranty covers parts and labor for repairs. Additional costs related to defective product replacement are not covered.

BATHTUBS & SHOWERS

ACRYLIC SHELL: Produits Neptune Entrepreneur guarantees that acrylic units are free of any defects in materials and workmanship under normal use and service for a period of twenty-five (25) years starting from the initial date of purchase by the owner/user, contractor, or builder from an authorized dealer.

SYSTEMS

Limited 5-year warranty parts and labor against manufacturing defects (jets, pipes, control, pumps, water heater, blowers, wiring, etc.) and leaks related to manufacturing defects. Limited 5-year warranty against manufacturing defects related to colored jet trims inside the bathtub.

OPTIONS

GENERAL: Neck pillows, handles and other options. Limited 5-year warranty against manufacturing defects for all parts.

DOORS

Limited 10-year warranty against manufacturing defects, including wheel covers, gaskets, magnets, installation hardware, and other parts. 10-year warranty on glass breakage and easyclean.

DRAINS

Limited lifetime warranty against manufacturing defects on all parts and chrome finish.

PARTS

Limited 1-year warranty against manufacturing defects.

IMPORTANT!

- When a showroom product is sold, the warranty period begins on the date of purchase from Produits Neptune Entrepreneur by the retailer.
- For commercial use, all products have a 1-year warranty against manufacturing defects.
- The Produits Neptune Entrepreneur warranty is solely for the personal household use of the original owner/user and starts on the date of purchase from Produits Neptune Entrepreneur. The warranty will take effect when the original owner/user presents the original bill of sale. The warranty is not transferable to subsequent owners. All products replaced or repaired by a qualified and certified technician during the warranty period will still be covered for the remainder of the original warranty.
- This warranty shall not apply in the case of non-compliant or incorrect operating procedures, breakage or damage caused by normal wear and tear, fault, negligence, abuse, misuse, misapplication, improper maintenance, alteration or modification of the product, as well as chemical or natural corrosion, fire, flood, an act of God, or any other fortuitous event. This warranty shall not apply to stains or malfunctions caused by ferrous water, hard water, or salty water.
- Like any product of lasting quality, Produits Neptune Entrepreneur products and accessories require a certain amount of upkeep to preserve their finish. Clean your new Produits Neptune Entrepreneur product with a mild soap, rinse thoroughly with warm water, and dry with a clean, soft cloth. Never use cleaning products containing abrasive agents, ammonia, bleach, acid, wax, alcohol, or solvents. Failure to comply with these maintenance instructions may invalidate the Produits Neptune Entrepreneur warranty.
- No return on products sold in liquidation.
- No warranty on products sold in liquidation.
- No return on products sold with a system or option.
- All systems and options automatically come in the same colour as the bathtub unless otherwise specified on the purchase order.
- No return on products sold more than 6 months ago.
- 1-year guarantee on purchased parts.

Produits Neptune is also proud to join level 2 of Recyc-Quebec's "ICI on recycle +" recognition program. The main objective of Level 2 - "Implementation" - is to recognize establishments that have previously implemented measures for source reduction, reuse, recycling and recovery, thereby contributing to the establishment of a residual materials management system, as well as to information and awareness-raising activities. This level also aims to guide "ICI on recycle +" establishments towards optimizing their waste recovery performance.
