f. Cabinetry and Countertops

Sinks: \$
Vanities: \$
Countertops: \$

g. Flooring

Tiles: \$ per square foot
Installation: \$ per square foot

h. Walls and Ceilings

Paint: \$ per gallon
Tile: \$ per square foot
Drywall installation: \$ per square foot

i. Finishing Touches

Mirrors: \$
Lighting: \$
Accessories: \$

3. Contingency Fund

Set aside 10-20% of your total budget for unexpected costs.

Contingency Fund Amount: \$

4. Cost-Saving Tips

DIY where possible: Simple tasks like painting or installing accessories can save labor costs.

- Shop smart: Look for sales and discounts on fixtures and materials.
- Reuse and refurbish: If possible, refurbish existing items or buy second-hand to reduce costs.

5. Final Checklist

- Ensure all permits are in place.
- Confirm timelines with contractors.
- Schedule regular check-ins to monitor progress.

Total Budget: \$

By filling in these fields, you can track your renovation expenses and ensure your project stays within budget.
