

## SOLUTIONS FOR HEALTHCARE & ASSISTED LIVING

Swan products blend style, performance and affordability at a level unmatched in the industry. When clients require materials that are as sustainable as they are stylish, our high-performing surfacing products are the ideal choice. In the design and construction of healthcare and assisted living facilities, durability, accessibility and affordability are frequently top of mind during the specification process. By choosing Swanstone for healthcare applications, owners will receive costeffective and safe products that will withstand years of use.

### ANTIMICROBIAL

Walls are non-porous, with no surface coating to scratch or wear away, forming a natural antimicrobial surface that will not breed bacteria.

### EASY TO CLEAN

Easily wipe away dirt, grime, and soap scum with most household cleaners and a good rinse.

### DURABLE

Swanstone has the best impact resistance in the industry - up to 10 times stronger! It will stand up to abuse far beyond daily use.

### HEAT & CHEMICAL RESISTANT

Solid surface resists heat up to 450° and will withstand exposure to even the harshest of chemicals.

## WHY SWANSTONE FOR HEALTHCARE & ASSISTED LIVING FACILITIES?

- Available in a variety of sizes, styles and colors to fit any specification
- Quickly install one unit or hundreds
- With no gel coat surface coating, it won't crack, chip, mold or mildew
- Covered by one of the industry's best warranties
- Will not mold or mildew and there's no grout to clean

### HEALTHCARE APPLICATIONS

Shower Walls, Shower Floors, Vanity Tops, Countertops, Wainscoting, Molding and Trim, Window Sills, Cladding, Reception Desks, Nurses Stations, Laboratory Tables, Work Surfaces, Utility Sinks, Food Service Surfaces

## UNIVERSAL DESIGN & AGING IN PLACE

Swan's ADA-compliant and universal design products are durable, easy to clean and ensure full accessibility for patients. Made from Swanstone, our new construction and retrofit options for shower floors, seats, grab bars and vanities are designed with longevity in mind. Swan's universal shower floors also include separate ramps that will fit most standard floor heights, which allows for easy installation in existing facilities.

## HIGH PERFORMANCE MEETS HIGH DESIGN

Because Swanstone is a non-porous surface, it naturally resists bacteria and is highly resistant to scratching, staining, heat, mold, mildew and chemicals. This comprehensive durability also promotes bacteria reduction, a primary objective of any healthcare facility. Swanstone is also available in a wide variety of colors and finishes, allowing for cohesive design options for shower walls, floors and vanity tops.

## SWAN UNIVERSAL DESIGN PRODUCTS

Swan Universal Design Shower Floors include the STS-3738, SBF-3060 L/R (retrofit) and SBF-3464 (new construction). Entire vanity top and bowl product lines are ADA-Compliant when installed to ADA guidelines. To see our full line of ADA-compliant products, please visit [swanstone.com](http://swanstone.com). Swan has been trusted by healthcare facilities for more than 40 years to provide a versatile line of quality bath solutions that are both stylish and long lasting.
