MULTI-BRAND

F2 Drain kit for high-rise construction discontinued for US Market

1. New Waste and Overflow Option Code: OPT20312-XXX

Please note that the below listed ModulR family products will have a new 6 digit code for waste and overflow, which is included for free (chrome finish only) with the bathtub.

The new option code will be **OPT20312-XXX** while the previous option code (OPT20249-XXX) will only remain available as a paid option for both finishes

Impacted Product Family:

ModulR Corner Left Bathtubs: 410008-XXX & 410011-XXX
ModulR Corner Right Bathtubs: 410007-XXX & 410010-XXX
ModulR Wall-mount Bathtubs: 410009-XXX & 410012-XXX
ModulR Combos - Bathtubs (Linear and Angular)

Professional

1. Four new tubs and phasing out of the Twilight and Tympani in certain areas

In an effort to continue providing a product and service experience that exceeds your expectations and deliver complete product solutions to you and your customers, we have made adjustments to the MAAX acrylic oval drop-in bathtub lineup for customers in the **Northeast, Southeast** and **South Central** regions.

On **January 18, 2018**, the MAAX Professional lineup introduced the new **Arno 6040, Arno 7242, Panaro 6042** and **Panaro 7242** drop-in bathtubs. Featuring stylish designs and flexibility with choices in size and option, these bathtubs are an exciting addition to the MAAX Professional Trade Acrylic Lineup.

These new MAAX bathtubs are offered only in soaker versions. The MAAX Professional **Twilight** and **Tympani** drop-in bathtubs will eventually be phased out in these same regions (date will be announced) so for now customers in impacted regions will be able to continue to order the Twilight and Tympani if a system configuration is desired.

As we continue to leverage the breadth and depth of product across the portfolios of the American Bath Group family of brands, we will be able to offer systems on the new Arno and Panaro tubs in the near future. We will communicate accordingly when that news can be shared.

<u>SKU</u>	<u>Sales Code</u>
Arno 6040	106459
Arno 7242	106460
Panaro 6042	106457
Panaro 7242	106458

2. Updated ADA seats for MAAX Professional Barrier Free, MAAX Professional Outlook Barrier Free, AKER Outlook Plus series and AKER Outlook Generation+

The design for the ADA seats has been updated. The new seats include a new sleek design with a two point mounting bracket rather than three. This change will affect all **MAAX Professional Barrier Free & MAAX Professional Outlook Barrier Free, AKER Outlook Plus** and **AKER Outlook Generation+**.

The new seat design only applies to the **naughyde** and **phenolic** seats for showers; the tub shower seat will remain the same.

The option numbers will also remain the same, so as customers order, we first deplete the stock of the existing seat and will seamlessly transition into the new seat. However the product codes used when purchasing a seat as an Accessory, will be different than the existing seat. Please refer to the chart on the next page.

New Naughyde Seat
