Aker KDS Pre-Assembled Option Discontinuation

To create consistency within our product offering, eliminate confusion in the marketplace and drive operational efficiency at our Aker production facilities, we are streamlining the KDS family of multi-piece showers and tub showers.

Effective May 1st, 2022, no new orders for the pre-assembled offer of KDS multi-piece showers and tub showers will be accepted.

Effective June 1st, 2022, the pre-assembled offer of KDS multi-piece showers and tub showers will be discontinued. Any remaining unfulfilled orders will be transitioned to the standard configuration in knock-down, multi-piece packaging.

Door Discontinuation 2022

With our constant introduction of new products, we need to discontinue older models to make place for new, innovative ones. We will be replacing some of our older products with a new collection and would like to offer you the opportunity to purchase one last time, the models being discontinued, before quantities are all sold.

Please pay attention to the maximum quantity and special net price listed for each model. The models will no longer be available once quantities are sold.

All products are final sale and our warranty will apply as usual. New products will be announced soon.

Incognito Door - Lateral Adjustment Update

Incognito models 138520, 138521 and 138522 will be updated to offer 3" of lateral adjustment. This aligns with the rest of the Incognito family and represents the true lateral adjustment factor of these shower doors.

The prices and sales SKUs remain the same.

Sales Sku	Description	Current Lateral Adjustment	Current Door Opening	New Lateral	New Door Opening
