

SHOPPING CHECKLIST

Congratulations! You have taken your first steps towards purchasing your very own hot tub. With this helpful checklist you can simply print and head over to your nearest dealer!

PREP FOR YOUR VISIT

- Take photos of your backyard so you and your dealer can visualize where you see your new hot tub.
- Bring your list of measurements highlighting the areas in mind for your new spa.
- Where is your electrical box in relation to where you want to put the hot tub?
- Plan to wear closed toed shoes and socks so you can easily enter and exit the hot tubs.

GETTING TO KNOW YOU

Answer these questions to help your dealer find the MAAX Spas hot tub that is right for you.

- How much space do you have available for a hot tub?**
- Who will be using the hot tub?**
 - Are they young children?
 - Are they very tall/short?
 - How many people will typically use your hot tub?
- What do you look for in a hot tub?**
 - Building a stronger connection with family/friends
 - Health and healing with hydrotherapy
 - Relaxation and escape after a long day

DON'T FORGET TO ASK QUESTIONS

- What is the average monthly energy cost of running a hot tub in my area?
- Will the noise associated with my hot tub bother my neighbors?
- How many years has the manufacturer been around?
- How many years has the dealer been in business?
- What is the warranty on the hot tub as well as all of the components?

TEST THE WATERS

Make the most of your visit and experience first hand all of the amazing features your new hot tub has to offer.

- Comfort & Seating** - Hop in! There are a variety of different seating options that should be tested to find the exact hot tub that fits your needs.
- It's All About You** - While you are in the dry hot tub, find out where the jets would be massaging you. Are they easily adjustable? What other therapeutic features are offered?
- Just Listen** - What does this hot tub sound like when it is running? What do you think of the stereo?
- Ease of Use** - Get a basic demonstration of the day-to-day functions you would use for your hot tub. What is the maintenance like? Is this hot tub easily serviceable?
- More Importantly** - What about the kids? Is the filtration system safe and easy? Specific features my child(ren) will like.

NOW WHAT?

- Schedule a private "wet test" & don't forget to bring a swimsuit.
- Get Ready** - Discuss the delivery process with your dealer.
- Get Excited** - Time to set an install date!
- Get Inspired** - Ask for examples of design ideas from other customers your dealer has worked with to see different options for your hot tub installation. For inspiration check out:
