Repair Kit Steps

Kit Items:

- Marble Chips
- Cement
- Mixing Cup
- Mixing Stick

1. Mix:

- 200 grams of marble chips
- 100 grams of white cement
- $\frac{2}{3}$ cup of water

- Apply mix to the repair area and let it sit for **24 hours** to harden (*save left over mix*).
- Grind with **80 grit** sandpaper. Fill in any porous holes with left over mix.
- Apply tile/stone/grout sealer glaze and let sit for another **24 hours** before use.
