

P3 PROFESSIONAL

Mobile power for petrol and diesel vehicles!

The P3 Professional offers safe starting assistance up to 1,600 A. The efficient power supply takes place via two fully insulated clamps. This starting assistance device is also ideal as a mobile power source, e.g. for cool boxes, televisions, radio and electrical tools.

FEATURES

Portable, cable-free, safe and powerful!

- Exchangeable Enersys/Hawker AGM high-current battery
- Protection against voltage peaks
- Fully insulated clamps
- Also suitable for mobile power supply
- Including automatic 1.5 A mains charging device
- Including cable for cigarette lighter (12 V adapter)

TECHNICAL DATA

Model: Start Booster P3 Professional
Art. No.: 1220000700
Voltage: 12 V
Peak output: 1,600 A (SAE)
Start current: 680 A
Capacity: 12 V, 16 Ah
Weight: 8.5 kg (10.7 kg including packaging)
Charge: 230 V
Charging: 12 V, 1.5 A
Charge voltage: max. 14.9 V
Cable: copper cable, Ø 28 mm², length: 1.1 m
Dimensions: 28 x 16 x 35 cm
