

ANDA-OLSEN AS

935692113 MVA

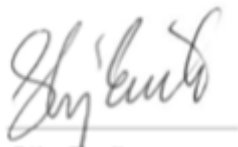

Environmental Certificate

This company is affiliated with the approved producer responsibility company NORSIRK AS and thereby fulfils its producer responsibilities for batteries under the Waste Regulations' chapter concerning batteries.

NORSIRK AS guarantees the operation of a nationwide collection system with the proper environmental treatment and recovery of batteries, as well as reporting to the authorities.

NORSIRK AS is ISO 9001 and ISO 14001 certified, and has also been approved by the Norwegian Environment Agency as a collectively financed take-back company.

This certificate is valid until 12.31.2022.
