Inclusion and diversity

Andersons Creek Primary School (ACPS) strives to provide a safe, inclusive and supportive school environment which values the human rights of all students and staff.

ACPS is a medium school with a wonderful community feel. We have many whole school and community activities that are supported by our parents and the wider community. Our parents are similarly committed to educational initiatives and the day to day business of the school. We have a nurturing, safe environment which encourages all children to be engaged in their education and to reach their full potential physically, emotionally and academically. Our grounds are well maintained and there is a range of playground equipment, hard courts and passive areas for the children to access during recess and lunchtimes. ACPS has high expectations of both staff and students, and this is reflected in our academic outcomes and Student and Parent Opinion Surveys.

Andersons Creek Primary School is committed to creating a school community where all members of our school community are welcomed, accepted and treated equitably and with respect regardless of their backgrounds or personal attributes such as race, language, religious beliefs, gender identity, disability or sexual orientation so that they can participate, achieve and thrive at school.

Andersons Creek Primary School acknowledges and celebrates the diversity of backgrounds and experiences in our school community and we will not tolerate behaviours, language or practices that label, stereotype or demean others. At Andersons Creek Primary School, we value the human rights of every student and we take our obligations under anti-discrimination laws and the Charter of Human Rights and Responsibilities seriously.

Andersons Creek Primary School will:

- Actively nurture and promote a culture where everyone is treated with respect and dignity
- ensure that students are not discriminated against (directly or indirectly) and where necessary, are reasonably accommodated to participate in their education and school

activities (e.g. schools sports, Performing Arts concerts, Graduation, Camps, Excursions/Incursions, Whole School Production) on the same basis as their peers

- acknowledge and respond to the diverse needs, identities and strengths of all students
- encourage empathy and fairness towards others
- challenge stereotypes that promote prejudicial and biased behaviours and practices
- contribute to positive learning, engagement and wellbeing outcomes for students
- respond to complaints and allegations appropriately and ensure that students are not victimised.

Bullying, unlawful discrimination, harassment, vilification and other forms of inappropriate behaviour targeting individuals or groups because of their personal attributes will not be tolerated at Andersons Creek Primary School. We will take appropriate measures, consistent with our [Student Wellbeing and Engagement](#) and [Bullying](#) policies to respond to students who demonstrate these behaviours at our school.

Students who may have experienced or witnessed this type of behaviour are encouraged to speak up and to let their teachers, parents or carers know about those behaviours to ensure that inappropriate behaviour can be addressed.

Andersons Creek Primary School takes a restorative approach to behavioural issues. Restorative Practices is a school-wide strategy that focuses on promoting and strengthening interpersonal relationships and teaching social and emotional skills and knowledge. Behaviour management and student discipline models can be identified as restorative when they adopt a preventative approach with the aim of strengthening relationships, and, when harm is done, a problem-solving approach to repair relationships. The Restorative Practices process promotes equality, speaking and listening, respect and inclusion.

Reasonable adjustments for students with disabilities

Andersons Creek Primary School also understands that it has a legal obligation to make reasonable adjustments to accommodate students with disabilities. A reasonable adjustment is a measure or action taken to assist students with disabilities to participate in their education on the same basis as their peers. Reasonable adjustments will be made for students with disabilities in consultation with the student, their parents or carers, their teachers and if appropriate, their treating practitioners. Our school may consult through Student Support Group processes and in other less formal ways. For more information about support available for students with disabilities, and communicating with us in relation to a student's disability, please refer to our school's *Student Wellbeing and Engagement* policy or contact our Principal for further information.
