

VERTICAL ELECTRIC SERIES

CEFVC38H

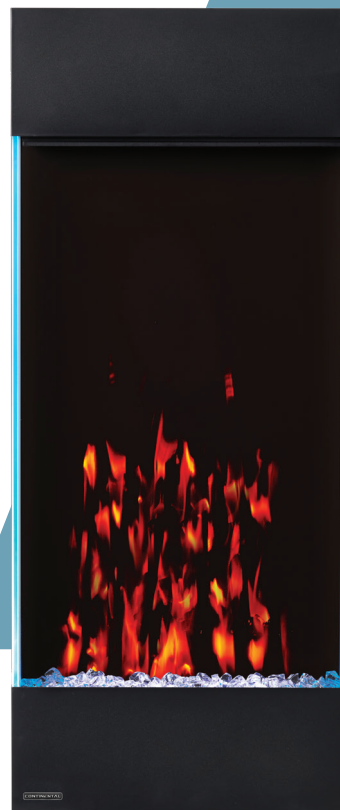

ELECTRIC FIREPLACES

Low-energy and low maintenance LED lights to **create realistic flames** that can be seen both day and night.

Fireplace can be partially recessed into the wall for a flush appearance or mounted on the wall with the included bracket to ensure a **stress-free installation**.

Adjust the flame intensity, flame color option, blower, heat output and timer with the **included remote control** or front touch control panel.

- Up to 5,000 BTU's and 1,500 Watts
- Flame choice of blue or orange or a combination of both
- Accent light creates ambient lighting and can be placed on seven different color options

- Glass CRYSTALINE™ ember bed accents the flame and can be switched between seven colors
- Ultra slim design
- Can be plugged in or hardwired 120V
- Paintable cord cover included (covers cord can be painted to blend in with existing décor)
