Bowl Brushes

The most popular industrial toilet bowl/urinal brush, with medium-coarse fibres for good scrubbing action. Although the fibres are acid-resistant, we recommend using a soft bowl swab for the application of acid cleaners because the stiffer bristles of this brush have a flicking action that may inadvertently splash the user with acid or caustic solution.

Item Number	Item Description	Unit
ATG-823	Round Dual Action Bowl Brush	EA

Acrylan Bowl Swabs & Cones

Acrylan toilet bowl swabs are designed to be used with acid bowl cleaners. Their soft swabs don't scrub, but instead release acid solution quickly onto the surface of the bowl to eliminate dripping or splashing. The economical price of these swabs means they can be designated for "one time only" use in institutions that are concerned about cross-contamination.

Blue TuffStuff Wet Mops

TuffStuff's synthetic-cotton blend yarn is a workhorse that outlasts conventional mops by 5 to 8 times and stands up well to laundering. The synthetic component of the yarn adds durability; the cotton boosts absorbency and reduces drying time. The tailband helps keep the mop's fan shape, providing better floor coverage and eliminating tangles. TuffStuff narrow-band mops can be used with EZ-Change or Quickway handles and are the preferred mop for use in hospitals and long term care facilities.
