

## SERIES B ISO 7241-1 INDUSTRIAL INTERCHANGE Q.D. (QD-ISOB)

**Applications:**Hydraulic

- High flow characteristics and pressure ratings superior to Parker 60 series.
- Industry interchangeability with other manufacturer's ISO "B" couplers and nipples.
- Poppet style double shut-off.
- Proven ball lock mechanism.
- 4 To 1 safety factor (Min. Burst = W.P. X 4)
- Ideal for use with hydraulic and other fluids in both stationary and mobile industrial applications.

**STEEL**

**BRASS**

COUPLER SET MAXIMUM WORKING PRESSURE (PSI)					
	1/4	3/8	1/2	3/4	1
STEEL	5000	4350	4000	2600	2175
BRASS	3500	3500	3500	2500	1500
STAINLESS	5500	3750	3750	3000	3000
