IMPORTANT PRICE INCREASE

Effective December 30, 2018,
all prices in the Winter 2018-2019 Brizo
Price Book **will increase 5%.**
Please refer to brizo.com
or the Brizo electronic price file
for current pricing.

FASHION

ISN'T JUST

ABOUT

CLOTHES.

IT'S

A

LIFESTYLE.

*IT'S THE CULTURE WE
EXPERIENCE, the places
we travel, the things we eat—
and yes, the way we design
our homes.*

For those who embrace fashion as a lifestyle, every choice they make is an opportunity to make a statement. To put their taste and perspective on display. To elevate their surroundings—and inspire those around them.

Those people aren't just wearing fashion;
they're living it.

REDEFINING THE LUXURY KITCHEN.

A statement piece. A center of attention. A finely crafted tool for self-expression. A Brizo® kitchen faucet is all of these—combining leading-edge design with exceptional functionality—to elevate any culinary space.

EVERY PRODUCT IN A BRIZO KITCHEN COLLECTION IS DESIGNED TO CREATE A STRIKING FORM—STANDING OUT IN ANY SPACE.

Kitchen Faucets

Design is only the beginning. A luxury faucet should be as functional as it is beautiful—innovating beyond what the eye can see by putting water activation at your fingertips with SmartTouch® Technology or bringing unmatched versatility to your workflow with the Articulating Kitchen Faucet.

Bar and Prep Faucets

Continue the distinctive style of a collection throughout a room with coordinating bar and prep faucets.

Pot Fillers

The perfect complement in any kitchen—wall and deck mount pot fillers make it easy to fill large cooking vessels quickly with a flow rate twice that of kitchen faucets.

Beverage Faucets

A beverage faucet acts as an ideal partner to a water filtration or R/O system or simply as an independent cold water tap.

Accessories

Every element in the kitchen—from soap pumps to towel hooks—comes together to create a cohesive look. True luxury is knowing even the smallest details have been designed to perfection.

KITCHEN

COLLECTIONS ARRANGED FROM **STATELY** TO **MODERN**.

AN INDULGENT EXPERIENCE. THE LUXURY BATH.

For some, it's a place to set trends. For others, it's a place to retreat, a tranquil sanctuary. Whatever you're seeking, Brizo® bath collections are designed to make a statement.

**WITH A FULL ARRAY OF PRODUCT OFFERINGS,
YOU CAN CREATE A COHESIVE SPACE THAT
COMPLETES ANY VISION FOR THE BATH.**

Lavatory Faucets

A variety of design styles and handle configurations—including single-handle, two-handle, wall mount and vessel—means the only limit is your imagination. Models with 1.2 gpm (ECO) flow rate are available to address state-specific water efficiency requirements.

Tub Fillers

Roman tubs and tub fillers create stunning focal points for a relaxing, spa-like experience.

Showers

Create an escape with a Brizo shower and add handshowers, showerheads and/or body sprays for a completely custom, completely indulgent experience.

Accessories & Grab Bars

Enhance the space with functional accents. A range of accessories and grab bars complete the look of any room.

DESIGNING FOR THE FUTURE.

Innovation inspires everything we do—from breakthrough SmartTouch® and SmartTouchPlus™ Technology to the Articulating Kitchen Faucet. Fashion never stands still, and neither do we.

INNOVATION *for the kitchen*

SMARTTOUCH® TECHNOLOGY

Allowing you to activate water flow with a simple touch to the faucet body, spout or handle, SmartTouch Technology brings a new level of convenience to the kitchen.

DIAMOND SEAL® TECHNOLOGY

DIAMOND Seal Technology uses a diamond-coated valve built to last up to 10 times longer than the industry standard (based on ASME 112.18.1 of up to 500,000 cycles).

MAGNEDOCK® TECHNOLOGY

MagneDock features a patented, state-of-the-art magnetic docking system to securely hold the spray wand in place when not in use.

ARTICULATING FAUCET

Available with either a finished or exposed hose, the Articulating Faucet offers a larger range of movement than a traditional pull-down faucet.

WATER EFFICIENCY

Brizo® offers a wealth of kitchen products that meet or exceed CALGreen standards, maximizing water efficiency without compromising the user experience. The maximum flow rate for all Brizo kitchen faucets is 1.8 gpm (6.8 liter/minute), compared to the industry standard of 2.2 gpm (ASME.A112.18.1/CSA.B125.1).

INNOVATION *for the bath*

SMARTTOUCHPLUS™ TECHNOLOGY

The next generation of SmartTouch Technology adds proximity sensing—allowing for both hands-free and touch-sensitive operation—while integrated TempID™ Technology lets you know exactly how warm or cool the water is.

TEMPIQ® TEMPERATURE CONTROL TECHNOLOGY

TempIQ Temperature Control Technology maintains a consistent water temperature with no sudden changes by sensing the water temperature before it leaves the spout and continually adjusting the hot and cold water mixture.

H₂OKINETIC® TECHNOLOGY

By controlling water's shape, velocity and thermal dynamics, we've reinvented the showering experience—creating a warmer, more luxurious spray that provides the feeling of a high-flow spray with a fraction of the water.

WATER EFFICIENCY

Working with state and local municipalities, we ensure Brizo products are compliant with evolving regulations, including 1.2 gpm (ECO) lavatory faucets and 1.75 gpm showerheads to address state-specific water efficiency requirements. Brizo also has a large offering of WaterSense® labeled products, which use 20% less water than their less-efficient counterparts, while maintaining the high standards of performance expected from a Brizo fixture.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.
