

DESCRIPTION

The Tradesman gooseneck is used for exhaust or intake through a roof.

CONSTRUCTION

Made of 30GA galvanized or painted metal. Includes nailing plate.

FEATURES

Optional rough in plate for underside of roof. Available in galv, black, charcoal, white, or grey.

GUARANTEE

All Tradesman Manufacturing products are guaranteed against defective material.

OPTIONAL CONSTRUCTION

Custom sizes and gauges available upon request to suit any and all applications.

Optional stainless, aluminum, or satin coat. Made with or without screen and/or damper.

Product Code	Dim.	Colour	Application (Screen/Damper)	Box Qty
GNN/0006/30	6"	Galv	Intake (Screen)	18
GNN/0006/BL	6"	Black	Intake (Screen)	18
