## Product Offering

The Master Plumber program has a long history of providing a robust packaged parts program that is designed to meet the needs of contractors and plumbers.

- **Designed with Canada in mind:** Selected specifically for the Canadian market, our product management team continuously monitors the industry to ensure our repair and installation assortment supports both current and new product requirements.
- **OEM and Universal Models:** When only original parts will do, we offer an assortment of Original Equipment Manufactured (OEM) replacement parts and also versatile universal models that work with a wide variety of plumbing brands.
- **Certified Product:** We understand the importance of providing certified products that meet local, provincial and national codes. All of our certified products are clearly identified in the catalogue.

## Packaging

- **NEW Colour Coded Category Indicators:** We are in the process of adding category indicators to all bags for easier wayfinding and category identification.
- **Re-sealable Packaging:** Our handy re-sealable packaging not only helps keep parts organized between calls, it allows you to open and check parts before your purchase.
- **Manufacturer's Part Numbers:** Manufacturer's part numbers are displayed on our product packaging to help take away the guess work of selecting the right part.
- **Instructions and Diagrams:** Select packaging also offers instructions and line drawings to provide extra help back at the job site.
- **Product without packaging (also known as bulk):** is noted in the bulleted details of the product.

## Catalogue Format

The Master Plumber catalogue is designed to help you find products quickly and ensure you find the right part.

### Here's a few of its great features:

- **Search Products Three Ways:** Our table of contents, numerical price list and index break down our product offerings so you can easily jump to the product or category you need.
- **New Photography:** Crisp photography of each product provides you with more information to make the right choice.
- **Actual Size Photography Section:** For some of the most frequently used cartridges, seats, washers and O-rings you can simply place product right on the page so you can compare parts one-on-one. No more guess work.

**TECK® HANDLE CAGE ASSEMBLY**

- OEM 77191 / 060810A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers

**902A**

**TECK® HANDLE REPLACEMENT KIT**

- OEM 76602 / 060801A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers

**903**

**TECK® DIAPHRAGM**

- OEM 10316 / 060079A-MMO
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers

**Q903**

**TECK® DIAPHRAGM**

- OEM 10316 / 060079A-MMO
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers
- **Without packaging**

**904**

**TECK® VACUUM BREAKER SLEEVE ASSEMBLY**

- OEM 70267 / 060785A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers
- Rubber

**904K**

**VACUUM BREAKER SLEEVE ASSEMBLY**

- Replacement for Cambridge Brass®, Delta® Commercial and Teck® toilets

**905A**

**TECK® DIAPHRAGM AND GUIDE ASSEMBLY**

- OEM 70230 / 060779A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers

**906AB**

**TECK® METERING UNIT - PUSH BUTTON**

- OEM 190009A / 060838A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers
- For Tempus push button models

**906AA**

**TECK® METERING UNIT -  
OSCILLATING HANDLE**

- OEM 190010A / 060839A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers
- For Tempus oscillating handle models

**Q906B**

**TECK® OSCILLATING  
HANDLE & BONNET KIT**

- OEM 190017A / 060842A
- Fits Cambridge Brass®, Delta® Commercial and Teck® flushometers
- Includes bonnet nut
- **Without packaging**

**908**

**SLOAN® A-156-A DIAPHRAGM**

- OEM 0301188

**911**

**SLOAN® HANDLE ASSEMBLY**

- OEM 0302279
- For B-32-A flushometer
- Chrome

**912**

**SLOAN® K-60A PISTON ASSEMBLY  
WITH S-123A SEAT**

- OEM 0311056 / 0314016

**922**

**SLOAN® B-39 HANDLE SEAL**

- OEM 3302297

**923**

**SLOAN® HANDLE REPAIR KIT**

- OEM 3302305
- For B-50A flushometer

**925**

**VACUUM BREAKER SLEEVE ASSEMBLY -  
FOR SLOAN®**

- Replacement for Sloan®, Zurn® and Emco® 3323192 / 51-195284

**926K**

**FLUSH VALVE REBUILD KIT**

- Replacement for Sloan® and Zurn® 1.5 thru 4.5 G.P.F. flushometers

**927K**

**FLUSH VALVE INSIDE PARTS KIT - 3.5 G.P.F**

- Replacement for Sloan® 3.5 G.P.F. flushometers
- For closet or urinal flushometers

- 3/4" male hose X 3/8" MIP
- Rough brass
- **Without packaging**

**327WPX**

**DISHWASHER ELBOW - GARDEN HOSE**

- 3/8" OD comp. x 3/4" female hose
- Hose washer included
- Rough brass

**282A**

**ESCUTCHEON - SHALLOW**

- Fits 1/2" Nom (5/8" OD)
- Stainless steel

**282B**

**SPLIT FLANGE**

- Fits 1/2" Nom (5/8" OD)
- Chrome plated metal

**282C**

**SPLIT FLANGE**

- Fits 3/8" Iron pipe
- Chrome plated metal

**282D**

**SPLIT FLANGE**

- Fits 1/2" Iron pipe and 3/4" nominal copper tube
- Chrome plated metal

**282EA**

**SPLIT FLANGE**

- Fits 3/4" Iron pipe or 1" nominal copper tube
- Chrome plated metal

**Q282F**

**SPLIT FLANGE**

- Fits 1" Iron pipe
- Chrome plated metal
- Without packaging

**282GA**

**SPLIT FLANGE**

- Fits 1-1/4" Iron pipe
- Chrome plated metal

**282HA**

**SPLIT FLANGE**

- Fits 1-1/2" Iron pipe
- Chrome plated metal

**282N**

**SPLIT FLANGE - 3/8"**

- Fits 3/8" Iron Pipe or 5/8" OD Tube
- For floor or ceiling
- Chrome plated plastic

**282P**

**SPLIT FLANGE - 1/2"**

- Fits 1/2" Iron Pipe or 3/4" OD Tube
- For floor or ceiling
- Chrome plated plastic

**290CP**

**COVER TUBE - 1/2" X 3-1/2"**

- Use with 1/2" Nom / 5/8" OD tubing
- 3-1/2" length
- Chrome plated copper

**531RW**

**GARDEN HOSE WASHERS - RUBBER**

- Multi-pack - 12 piece

**522X**

**STRAP NEEDLE VALVE KIT**

- Self piercing
- Use with 1/2" and 3/4" iron pipe
- 1/4" OD outlet commonly used for humidifiers or ice makers
- Brass

**Q531RW**

**GARDEN HOSE WASHER - RUBBER**

- Without packaging

**Q522KT**

**ICE MAKER AND HUMIDIFIER INSTALLATION KIT**

- 1/4" OD poly tubing x 25' length
- Includes self piercing needle valve and 1/4" compression union
- Also Includes two brass inserts & two plastic compression sleeves
- Supplier packaging

**531FW**

**FILTER HOSE WASHERS**

- With Metal screen
- Multi-pack - 4 piece

**531**

**GARDEN HOSE WASHERS - PLASTIC**

- Multi-pack - 12 piece

**531A**

**UTILITY HOSE**

- 5'
- 3/4" female hose end
- Includes washer
- Black

**Q531**

**GARDEN HOSE WASHER - PLASTIC**

- Without packaging

**531B**

**WASHING MACHINE "Y" MIXER HOSE**

- Combines hot and cold water supply into one
- Includes two washers

- 5'
- 3/4" female hose ends
- Includes 2 washers
- Black

**531G**

**HIGH PRESSURE WASHING MACHINE HOSE**

- 8'
- 3/4" female hose ends
- Includes 2 washers
- Black

**531E**

**WASHING MACHINE DISCHARGE HOSE WITH HOOK**

- 5'
- With formed hook end

**531EL**

**LINT TRAP SET**

- Fits washing machine discharge hose
- Includes 2 lint traps and 2 tie straps

**Q531H**

**DISHWASHER DISCHARGE HOSE**

- 5/8" ID X 50' length
- Reinforced
- Black
- Plain packaging

**Q532A**

**BACK FLOW PREVENTER - HOSE BIBB**

- 3/4" female hose x 3/4" male hose
- Use with 531 or 531RW hose washers not included
- Rough brass
- **Without packaging**

**532**

**BACK WATER PREVENTER - ROBBIE**

- Neoprene

**532B**

**DELTA® HOSE END VACUUM BREAKER**

- OEM 32W600
- Rough brass

## Q589

### DRAIN CAP ASSEMBLY - FINE THREAD

- Replacement for Emco®/Delta® 54-035628/120009A
- Fine thread
- **Without packaging**

## 595

### SUSPENSION PIPE CLAMPS - 1/2"

- For 1/2" PEX pipe
- Used to hang pipe below joists
- Plastic
- **Multi-pack - 10 piece**

## 597F

### BRAIDED VINYL TUBING - .250" ID X 20'

- .500" OD x .250" ID x 20' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 250 PSI @ 21° C

## 597G

### BRAIDED VINYL TUBING - .375" ID X 10'

- .625" OD x .375" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 225 PSI @ 21° C

## 597

### BRAIDED VINYL TUBING - .500" ID X 10'

- .750" OD x .500" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 200 PSI @ 21° C

## 597A

### BRAIDED VINYL TUBING - .625" ID X 10'

- .875" OD x .625" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 200 PSI @ 21° C

## 597B

### BRAIDED VINYL TUBING - .750" ID X 10'

- 1.025" OD x .750" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 150 PSI @ 21° C

## 597C

### BRAIDED VINYL TUBING - 1.000" ID X 10'

- 1.312" OD x 1.000" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 100 PSI @ 21° C

## 597D

### BRAIDED VINYL TUBING - 1.250" ID X 10'

- 1.656" OD x 1.250" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 100 PSI @ 21° C

## 597E

### BRAIDED VINYL TUBING - 1.500" ID X 10'

- 1.937" OD x 1.500" ID x 10' Coil
- Suitable for use with liquids, chemicals and gases
- Operating temperature range -4° C to 66° C
- Max. operating pressure: 100 PSI @ 21° C

**Q604**

**CANDLE WICKING**

- 2 oz ball
- Used to lubricate and seal bonnet nuts, stems etc.
- **Without packaging**

**796**

**GASKET SHEET ASSORTMENT - 5 PIECES**

- 6" x 6" sheets of assorted gasket material
- Contains red rubber, black rubber and cork gasket material

**Q796A**

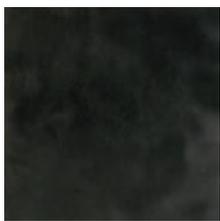

**GASKET SHEET - RED RUBBER PAD**

- 6" x 6"
- **Without packaging**

**Q796B**

**GASKET SHEET - BLACK RUBBER PAD**

- 6" x 6"
- **Without packaging**

**Q1015**

**PIPE JOINT COMPOUND - 1.3 OZ. STICK**

- For sealing metal or plastic pipelines
- Withstands pressures up to 10,000 psi
- Withstands temperatures up to 750°F (399°C)
- Use to seal water, steam, butane and propane pipelines
- **Supplier packaging**

**Q1016**

**PIPE JOINT COMPOUND - LA-CO® - JUMBO STICK**

- For use on metal
- Use for up to 2,000 psi for liquid or 350 psi for gases
- Use for up to 350°F (177°C)
- **Supplier packaging**

**Q1031H**

**PIPE JOINT COMPOUND - 1 OZ.**

- For use on metal pipe threads
- Used to create tight joints on lines carrying water, steam or air
- For use for up to 10,000 psi for liquids or 3,000 psi for gases
- Not for use on plastic pipe threads
- **Supplier packaging**

**Q1032**

**EPOXY PUTTY - STIK-IT - 4 OZ.**

- General purpose epoxy putty
- Hand kneadable and fast curing
- Mixes in one minute to provide permanent repairs
- Can be drilled, sanded, tapped, machined or painted
- **Supplier packaging**

**Q1034**

**GLOOZIT® PLUMBERS ADHESIVE AND SEALANT**

- Industrial strength sealant and adhesive
- 90 ml
- Remains flexible once cured
- **Supplier packaging**

**Q1037**

**PLUMBER'S ABRASIVE CLOTH - SMALL SPOOL**

- 15' spool
- For cleaning pipes and fittings
- **Without packaging**

Q1038

PLUMBER'S ABRASIVE CLOTH - LARGE SPOOL

- 75 ft. spool
- For cleaning pipes and fittings
- **Without packaging**

1039

PLUMBERS CLOTH - OPEN MESH - 180 GRIT

- For prepping copper pipe and fittings for soldering
- 5 yard roll

Q1023

SOLDERING PASTE - ALL CONDITION - 57 G JAR

- Petrolatum based paste used for typical sweat soldering
- Lead free and NSF® listed for use with potable water systems
- Works on pipes that are frozen, cold or wet
- **Supplier packaging**

1030

PUTTY TAPE - 5/8" X 54" SPOOL

- Used for sealing and weather proofing joints
- Will not shrink, crack or dry out
- Remains permanently flexible and is paintable
- Can be used up to 300° F

Q1031A

STAINLESS PLUMBER'S PUTTY - 14 OZ TUB

- Will not shrink, bleed, harden, crack or crumble
- Resistant to water, gases and odors
- Formulated to stay soft and flexible

Q1031B

STAY SOFT STAINLESS PLUMBER'S PUTTY - 5 LB TUB

- Will not shrink, bleed, harden, crack or crumble
- Resistant to water, gases and odors
- Formulated to stay soft and flexible
- **Supplier packaging**

1036

PLUMBER'S GREASE - 2 OZ.

- Lubricates stems of faucets, valves, ballcocks, etc.
- Waterproof
- Not for use on rubber or synthetic O-rings
- Use in temperatures from -20°F/ -29°C to 250°F/121° C

1036C

SILICONE GREASE - 1/2 OZ.

- Lubricates stems of faucets, valves, ballcocks, etc.
- Use where regular lithium based greases can't
- Can be used on rubber or synthetic O-rings
- Can be used up to 450°F/ 232° C

Q1070

PORCELAIN TOUCH-UP GLAZE - CRANE® WHITE

- Repairs chips, scratches and other imperfections in porcelain
- Includes brush applicator
- **Supplier packaging**

Q1076

PORCELAIN TOUCH-UP GLAZE - CRANE® ANTIQUE WHITE

- Repairs chips, scratches and other imperfections in porcelain
- Includes brush applicator
- **Supplier packaging**

**Q1081**

**PORCELAIN TOUCH-UP GLAZE -  
AMERICAN STANDARD® WHITE**

- Repairs chips, scratches and other imperfections in porcelain
- Includes brush applicator
- **Supplier packaging**

**Q1084**

**PORCELAIN TOUCH-UP GLAZE -  
AMERICAN STANDARD® BONE**

- Repairs chips, scratches and other imperfections in porcelain
- Includes brush applicator
- **Supplier packaging**

## Q1103A

### CHERNE® TEST-BALL PLUG - 3"

- Test drain, waste and vent systems in every type of pipe
- Test at pressures up to 13 psi
- Ring and chain assembly included
- Helps prevent the plug from being drawn into DWV systems during tests
- **Without packaging**

## Q1103B

### CHERNE® TEST-BALL PLUG - 4"

- Test drain, waste and vent systems in every type of pipe
- Test at pressures up to 13 psi
- Ring and chain assembly included
- Helps prevent the plug from being drawn into DWV systems during tests
- **Without packaging**

## Q1108

### CHERNE® END OF PIPE GRIPPER PLUG - 2"

- For drain, waste and vent testing and stack testing
- Rated for 17 psi
- Extra large wing nut
- End-of-pipe design seals only at the end of a pipe
- **Without packaging**

## Q1108A

### CHERNE® END OF PIPE GRIPPER PLUG - 3"

- For drain, waste and vent testing and stack testing
- Rated for 17 psi
- Extra large wing nut
- End-of-pipe design seals only at the end of a pipe
- **Without packaging**

## Q1108B

### CHERNE® END OF PIPE GRIPPER PLUG - 4"

- For drain, waste and vent testing and stack testing
- Rated for 17 psi
- Extra large wing nut
- End-of-pipe design seals only at the end of a pipe
- **Without packaging**

## Q1108C

### ECONOMY TEST PLUG - 2"

- Includes wing nut
- Used to seal drain waste system for testing
- **Without packaging**

## Q1108D

### ECONOMY TEST PLUG - 3"

- Includes wing nut
- Used to seal drain waste system for testing
- **Without packaging**

## Q1108E

### ECONOMY TEST PLUG - 4"

- Includes wing nut
- Used to seal drain waste system for testing
- **Without packaging**

## Q1109A

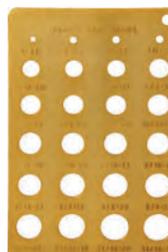

### TUBE BENDING SPRING - 1/2"

- Helps to prevent kinking or flattening of tubing while bending
- **Without packaging**

## Q714C

### FAUCET SEAT GAUGE

- Metal
- Used to help identify the replacement faucet seat required
- **Without packaging**

**1110** SIX STEP SEAT WRENCH

- For installation and removal of faucet seats

**Q1111** TAPERED SEAT WRENCH

- For installation and removal of faucet seats
- **Without packaging**

**1122F** FAUCET RESEATING KIT - "DRIP STOPPER"

- Includes 2 flat cutters and 4 flat washers
- Used to repair leaking faucet seats

**Q1124** RATCHETING FAUCET SEAT WRENCH KIT

- For easy removal of faucet seats
- Includes 3 tools and ratchet
- **Without packaging**

**Q1116** WATER PUMP PLIERS

- 10"
- 2-1/8" jaw opening
- **Without packaging**

**Q1118** WATER PUMP PLIERS - SMOOTH JAW

- 10"
- 2-1/8" jaw opening
- **Without packaging**

**Q1123** RACHETING WRENCH

- For 1/2" and 9/16" Nuts
- For easy toilet bolt installation
- **Without packaging**

**1130** TELESCOPING INSPECTION MIRROR - 24"

- Designed to inspect and view difficult areas
- Fully extends to 24 inches

**1131** TORPEDO LEVEL - 9" - MAGNETIC

- Full length magnetic edge keeps level firmly in place
- Top read window simplifies readings in confined areas
- High impact ABS plastic frame

**Q1136** NUT DRIVER - 5/16"

- **Without packaging**

**1138**

**P.O. PLUG WRENCH**

- Use to hold the pop up drain plug in place during its installation
- Double-sided to fit most pop ups and sink drains

**1138A**

**TUB DRAIN REMOVER**

- for installing and removing tub drains and spuds
- Requires an adjustable wrench or screwdriver to operate (not included)

**1141**

**FOUR-WAY SILLCOCK KEY**

- Use with valve with 1/4", 9/32", 5/16" and 11/32" square faucet stems
- Use to open or close radiators, water valves and outside garden spigots
- Facilitates handle removal to prevent tampering and accidental operation

**1145**

**PIPE REPAIR KIT**

- Fits 3/8", 1/2" and 3/4" galvanized pipe
- Fits 1/2" to 1" copper pipe
- Clamps on to leaking pipe to seal leak
- 12 piece kit

**Q1146**

**STRAP WRENCH - ADJUSTABLE**

- 2" IPS capacity
- Helps to prevent damage to pipe surfaces during installation or removal
- **Without packaging**

**Q1126**

**ACID BRUSH - 1/2"**

- Use to easily apply compounds and glue
- **Without packaging**

**Q1127**

**CEMENT AND UTILITY BRUSH - 1"**

- Use to apply pipe solvent cement, bonding agents and adhesives
- **Without packaging**

**Q1128A**

**COPPER FITTING BRUSH - 1/2"**

- Use to clean fittings in preparation for soldering
- **Without packaging**

**Q1128B**

**COPPER FITTING BRUSH - 3/4"**

- Use to clean fittings in preparation for soldering
- **Without packaging**

**Q1128C**

**COPPER FITTING BRUSH - 1"**

- Use to clean fittings in preparation for soldering
- **Without packaging**

## Q1128D

### 4-IN-1 TUBE AND FITTING BRUSH

- Used to prepare copper pipe and fittings for soldering
- **Without packaging**

## 1119

### TUBE CUTTER - MINI - 1/8" TO 7/8"

- For copper and PVC tubing
- Ideal for cutting in tight spaces
- Red

## 1121C

### TUBE CUTTER - CLOSE QUARTER - 1/2"

- For 1/2" nom / 5/8" OD tubing
- Auto-tensioning

## 1121D

### TUBE CUTTER - CLOSE QUARTER - 3/4"

- For 3/4" nom / 7/8" OD tubing
- Auto-tensioning

## Q1167

### JUNIOR HACKSAW

- Uses Q1166 replacement blades
- **Without packaging**

## Q1166

### HACKSAW BLADES - JUNIOR SIZE

- Replacement blades for Q1167 junior hacksaw
- Package of 5
- **Supplier packaging**

## 1459

### WATER HEATER ELEMENT WRENCH

- Removes and installs screw in type hex head water heater elements
- Helps to protect elements during installation

**PRICES LISTED DO NOT INCLUDE TAXES. ALL TAXES EXTRA.****General**

These terms and conditions, along with any conditions contained in a quotation, if any, provided to you, exclusively govern the sale of our products to you. If you provide us with any pre-printed terms and conditions with any purchase order or other form document, they are rejected and will be of no force or effect. Our acknowledgement and acceptance of your order for our products is expressly limited to and made conditional upon your acceptance of these terms. You will be deemed to have agreed to these terms if you accept any portion of the products you order from us.

**Discounts**

All discounts are for orders shipped to one destination.

**Prices**

You agree to pay the prices in effect at time of shipment. Prices are subject to change without notice. You agree to pay any federal, provincial or local excise, use, occupational or other taxes, now in force or to be enacted in the future, assessed against you or us due to a sale of products to you.

**Minimum Order \$100.00****Claims**

Claims must be reported within 10 days of receipt of goods.

**Limitation of Remedies**

Your sole and exclusive remedy against us for any breach of our obligations in a transaction with you, or based on any other theory of liability, will be limited to, at our option, our repair or replacement of the nonconforming product for which you make a claim or our issuance of a credit for such nonconforming product. Our liability for any damages will be limited to the then-current wholesale price of the nonconforming products, regardless of whether other damages were foreseeable. IN NO EVENT WILL WE BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOST REVENUES AND PROFITS, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

**Returns**

Returns are not accepted unless we are first notified of reason for the return and have authorized said return. All returned goods must be forwarded prepaid; collect shipments will be refused. Returns made for reasons other than a shipping error, or because of defect in material, will be subject to a 25% restocking charge. All returns will be credited at original purchase price or current price, whichever is lower.

**Force Majeure**

We shall not be liable for any delay or failure to perform if such delay or failure to perform is caused by circumstances beyond our reasonable control, including without limitation, as to us and our facilities and products and the facilities, materials and products of our suppliers, act of God, orders, directions or acts of any public authority, riots or other public disturbances, epidemic, pandemic, labor shortages or disputes of any kind, financial constraints, power shortages or failures, your failure to provide required information, your failure to provide adequate containers, restraints or delays affecting carriers, changes in the cost or availability of raw materials, components or services based on market conditions, our actions or contract disputes. During any such delay or failure to perform by us, our obligations under these terms shall be suspended and we shall not have any obligation to provide you with products from other sources or to pay or reimburse you for any additional costs to you of obtaining substitute products. We may, during any period of shortage due to any of the above circumstances, allocate our available supply of products among ourselves and our customers in any manner that we deem fair and reasonable in our sole discretion.
