

SECURE UPLOAD OF MANUAL DONATION FORMS AND DONOR INFORMATION

DOWNLOADING A MANUAL DONATION FORM TEMPLATE

When your project has been approved, a manual donation form template will be automatically generated for you. You can download this form as a PDF document in the ASF platform, while in the project record.

However, if you cannot see a URL in your Donation Forms list, please contact the **ASF Fundraising Support Team** and we'll create a template for you to download.

SECURE UPLOAD

To help protect donor information, the ASF platform provides a secure upload function for manual donations and any other document with donor details. This means that you can upload a document within your project record and it will be encrypted and sent to our Finance team for processing.

To securely upload a document:

- 1. Login to the ASF platform by entering your username and password.
- 2 Once on the Home page, select 'Manage My Fundraising'

3. In the Projects tab, select the project name that the donation form/s relate to.
