From: Paul Cords, Director of Product Management, Vaddio  
Subject: Ceiling Speaker Transition Notification

Due to component end of life and introduction of new offerings, starting in January 2021, Vaddio will begin transitioning its current Bose ceiling speakers to new Vaddio speaker models. Current individual and audio bundle part numbers will change. A list of discontinued models and their recommended replacements are listed in the table below.

The new models feature similar or improved performance. Legacy units may be ordered as supplies last, please call Vaddio to check on availability. Otherwise, the Vaddio customer care team will automatically transition legacy audio bundle orders and registrations to the corresponding new part numbers as they become available.

A list of cross-referenced part numbers is available below for your reference.

Description	Discontinued P/N*	Replacement P/N*	Replacement Description
<b>BOSE DS-16 SPEAKER KIT</b>	<b>999-8560-000</b>	<b>999-85600-000</b>	<b>Vaddio Ceiling Speaker</b>
<b>EasyTALK USB Audio Bundle</b>	<b>999-86400-000</b>	<b>999-86600-000</b>	<b>USB Audio Bundle</b>

\*Note: Part number change applies to all -000, -001, and -009 variants

For Additional details and technical product specifications are available online or by contacting your Legrand | AV sales representative.

Sincerely,

Paul Cords  
Director of Product Management, Vaddio
