

IntelliSHOT

AUTO-TRACKING CAMERA

The IntelliSHOT® professional camera makes video collaboration and streaming classes easy and effortless. Equipped with advanced IntelliFrame™ technology, the IntelliSHOT ePTZ camera features presenter tracking for lecture capture and auto-framing for videoconferencing.

FEATURES

30x zoom with IntelliZoom™

Capture professors and students from across the room in stunning detail with IntelliZoom, ensuring great video at any zoom.

IntelliFrame™ Auto-Framing

Incredibly accurate motion-based framing keeps participants in view as they move around or join the room. IntelliFrame is highly configurable based on the environment and user preferences.

Dual Beamforming Microphones & Audio I/O

Two built-in microphones with Acoustic Echo Cancellation perfect for small and medium rooms, plus a balanced audio I/O for simple integration with 3rd party audio systems.

Professional-Grade HD image sensor

IntelliSHOT supports 1080p (Full HD) and excels in uneven and darker lighting conditions commonly found in large auditoriums or meeting rooms with bright sunlight or shadows.

Plug-and-play USB Connectivity

Easily connects to your device with no special drivers or software required.

Works with your favorite video applications

Connect to PC-based recording software or select the camera and microphone within a Zoom, Teams, or Google Meet session.

Small Footprint, Large Impact

IntelliSHOT's slim form factor allows it to be mounted behind a display for a less cluttered room.

Easy, In-Room Control

Operate the camera with the included RF remote or pair IntelliSHOT with the Vaddio Device Controller color touch panel for simple touch control.

Flexible Mounting Options

Mount IntelliSHOT wherever works best with the included wall mount, optional ceiling drop-down mount, or choose from a variety of optional display mounts from Chief.

FREE Vaddio Deployment Tool

Use the application for remote management, remote firmware updates, camera and streaming status, rebooting, and more.
