BARCO

Professional Quality Video for Professional Quality Collaboration

Vaddio provides professional video and audio equipment that is easy to deploy, easy to manage and best of all, easy to use. That's why pairing Vaddio's solutions with Barco's new ClickShare Conference is the easy choice for UC conferencing.

Turn any space into a collaboration space with all-in-one solutions from Vaddio and Barco.

Barco ClickShare Conference connects wirelessly to your meeting room equipment for more immersive meetings. In less than 7 seconds you conference, collaborate and click from your own device, with your preferred conferencing tool. Three models of ClickShare Conference are available for you to choose from based on room size and product capabilities (CX-20, CX-30 and CX-50).

Vaddio All-in-One Conferencing Camera Solutions including HuddleSHOT or ConferenceSHOT AV pair perfectly with ClickShare Conference to offer an amazing conferencing experience to customers in different meeting environments.

BARCO

Simple System Configurations

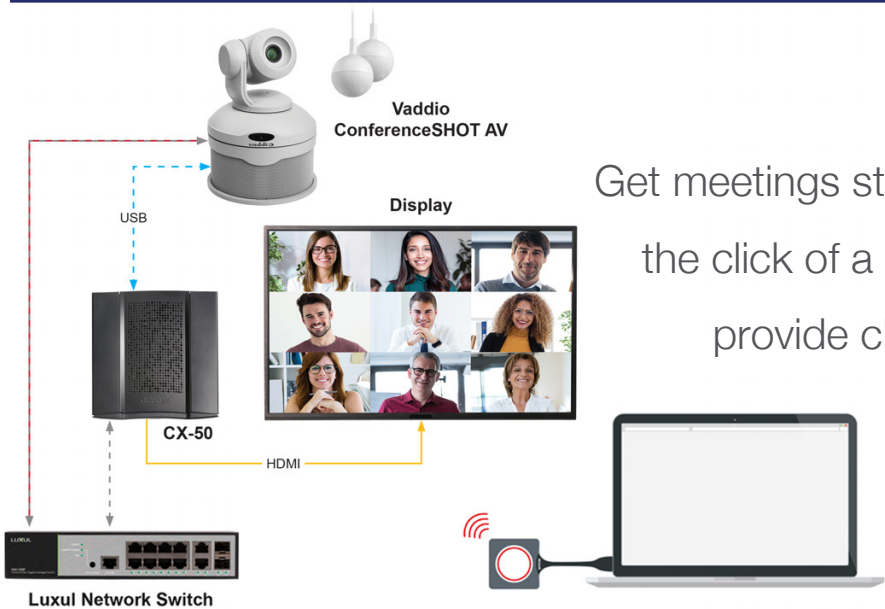

Huddle Room

Make collaborative sessions more productive with seamless, wireless BYOD conferencing that gets everyone in the picture even in small areas.

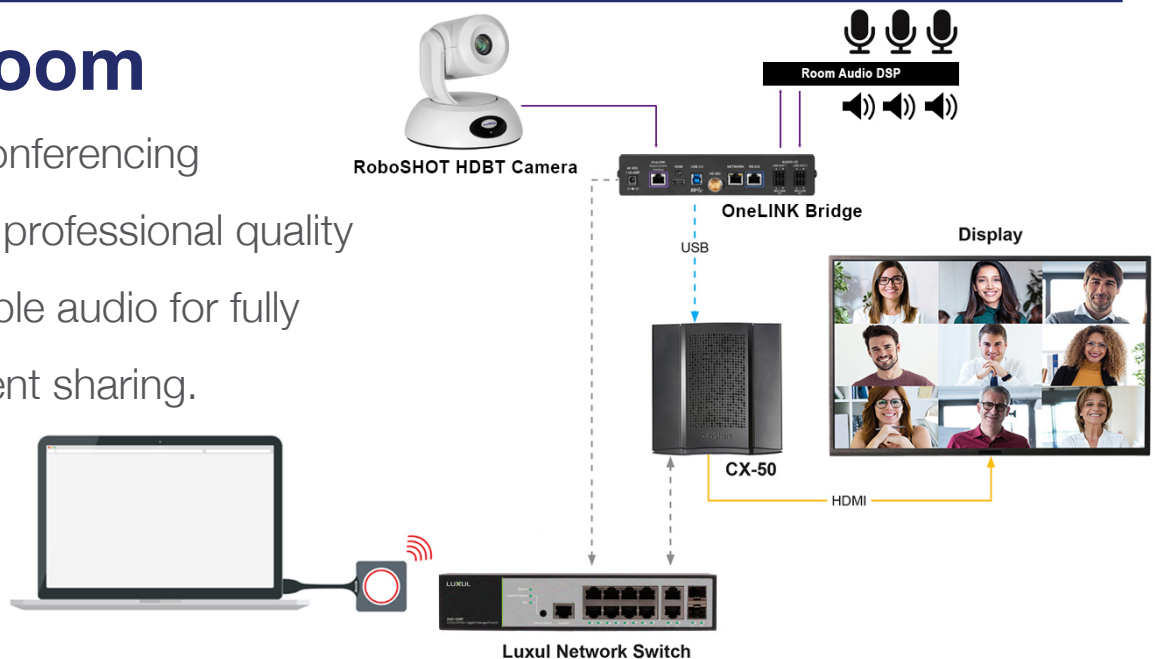

Meeting Room

Get meetings started in just a few seconds with the click of a Button. Additional microphones provide clear audio so everyone is heard.

Board Room

An immersive conferencing experience with professional quality video and scalable audio for fully interactive content sharing.

Why Partner with Vaddio?

HuddleSHOT

All-in-One Conferencing Camera

For small spaces, we recommend pairing Vaddio's HuddleSHOT all-in-one camera, microphone and speaker solution with ClickShare Conference. With built-in microphones and an extra-wide field of view, everyone can join the session.

- 125° wide angle horizontal field of view
- Flexible Remote management options
- USB 3.0 and IP streaming outputs
- Black and Grey color options

ConferenceSHOT AV

All-in-One Conferencing PTZ Camera

When you are up and moving about, capture all the areas of your room with our popular ConferenceSHOT AV product line. With 10x zoom, an optional speaker to hear remote participants clearly across the room, and multiple ceiling or table microphone options with 360 degree pickup, turn any space into an area that is ready for collaboration and sharing with ClickShare Conference.

Available in multiple bundles to find the right solution for your space!

- 10x optical zoom PTZ camera
- USB 3.0 and IP-streaming outputs
- Free download of Vaddio Deployment Tool to remotely manage all Vaddio devices

RoboSHOT HDBT with OneLINK Bridge

Professional PTZ Camera with extension system

Vaddio RoboSHOT professional PTZ cameras paired with the OneLINK Bridge camera extension system allow you to design a conference room no matter its size. Add the in-room audio system and ClickShare Conference for the ultimate collaboration experience.

- Tri-Synchronous PTZ motion for ultra smooth and natural motion
- Easily extend camera output up to 100m with a single CAT cable
- Choose from many Vaddio RoboSHOT HDBT camera options
