Firmware Version 5.0.1

Enhancements:

Note: If you are not going to use your AP with a Luxul Wireless Controller you do not need to update the firmware.

Caution: It is not possible to downgrade the AP from firmware version 5, so upgrade only if you are certain you don't want to go back.

- Controller compatibility
- New look to the standalone AP UI

Note: You must restore the AP to factory default settings after upgrading the firmware from 4.X to 5.X firmware.
