

Why Vaddio?

THE ART OF EASY

Since 2003, Vaddio has been a leading provider of solutions designed to keep people connected. Now more than ever, digital connectivity plays a key role in our everyday communication. Vaddio creates experiences that mimic face-to-face interaction with features like smooth camera motion, life-like image quality, and natural voice acoustical tuning. Vaddio's product line features professional PTZ cameras, microphones, AV switchers, extenders and in-room control devices that are easy to install, easy to manage, and easy to use.

A brand of  **legrand**

Our conference room solutions feature plug-and-play technology that works seamlessly with your preferred conferencing software. A single cable to your laptop connects you to overhead microphones with 360-degree pickup, in-room cameras with multiple angles, and the room's speaker system for immersive video conferencing.

COMPATIBLE SOFT CLIENTS

BlueJeans Cisco Webex

Microsoft Teams Skype Vidyo

GoToMeeting zoom + MORE

75% of CEOs forecast that video conferencing will eventually replace conference calls.

World-Class Service

Our technical support teams, engineers and sales managers are ready to help design your next solution or support existing systems.

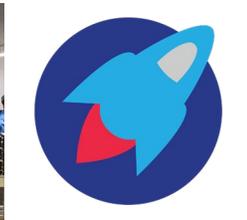

Industry Leaders

Since 2003, Vaddio has led the way in bringing professional quality video and audio products to USB videoconferencing platforms.

Made in the USA

Vaddio products are made in Minnesota, USA, supported globally and are Buy American and TAA compliant. We stand behind our products with an excellent warranty and top-notch service.

Easy to Deploy

Vaddio products are remotely managed via their web interfaces. The FREE Vaddio Deployment Tool makes installing and managing Vaddio systems a breeze.

Plug and Play

Vaddio devices are plug and play—using standard UVC drivers which means there is no special setup required. Just plug the USB cable into the laptop or PC and your preferred conferencing software instantly recognizes the video and audio sources.
