PRODUCT	Chief TiLED™ LED Video Wall Mounting System	Chief Kontour K4 Grommet Mounted Array	Chief Fusion Freestanding Video Wall Solutions	ConnexSys™ Video Wall Mounting System	Da-Lite Curved Series 300 Lace & Grommet Frame
DESCRIPTION	Endless configurations and scaleable design meets the needs of even the most expansive video walls.	Provides an easily adjustable solution for monitor array stations where multiple users can re-position the bank of screens to their preferred viewing distance.	This freestanding solution makes it possible to construct video walls in any location – and easily move them to another area.	Solves common video wall challenges of speed, alignment, serviceability and rigidity.	Use with Da-Lite's front projection screen surfaces in sizes up to 90' wide, and rear projection surfaces up to 40' wide.
BENEFITS	<ul style="list-style-type: none"> Seamless display Supports an endless variety of video wall configurations Pristine viewing quality for data and graphics – important for making critical decisions 	<ul style="list-style-type: none"> Ergonomic comfort Swivel and pan adjustment Available in a variety of arrays 	<ul style="list-style-type: none"> Mobile and easy to move Cart or bolt-down versions Available in a variety of arrays 	<ul style="list-style-type: none"> Hang units on a single strut channel for quick row leveling Easy row alignment saves installation time RapidDraw release system makes it easy to access and service screens 	<ul style="list-style-type: none"> Excellent for viewing dashboard data in large control rooms Available in a variety of screen surfaces
