## Flexible Hybrid Conferencing

Small / Huddle Spaces

**Use of Space** 

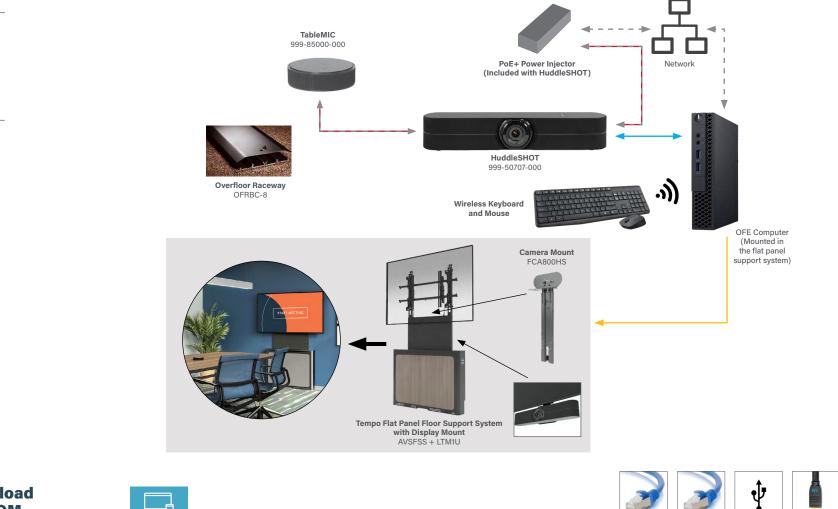

3-5 in person

attendees

 Unlimited remote participants

## Why We Love It

- Easy to deploy and repeat
- The weight of the monitor is on the floor so no need to worry about the wall structure
- · Storage in the floor support system is just big enough for most primary components
- The HuddleSHOT's All-In-One design is great for small or medium sized conference rooms
- A great alternative solution for when mounting to a wall is not an option within the space
