legrand® | AV

Let Legrand | AV solutions give you  
a ticket to the best seat in the house.

# CONNECT. STREAM. PLAY.

The feeling of luxury in a home theater begins with the elements you can't see. Having the right pieces in the background ensures that the viewing experience stays front and center. Make your space the go-to spot for movie premieres (red carpet and celebrity cameos not included).

Legrand | AV provides the solid foundation to support the key features to create the ultimate viewing experience. Start with speaker mounts to create the perfect sonic surround. Keep the show running with power and thermal management tucked away. And be showtime ready with a screen that fits the size and brightness of your room.

Let Legrand | AV solutions give you a ticket to the best seat in the house.

FOR EVERYDAY ENTERTAINMENT SPACES

# TV MOUNTING SOLUTIONS

The ultimate home viewing experience begins with a TV that everyone can see. No more arguing over the best spot on the couch when you select a TV Mount that tilts, swivels, extends, and levels to the perfect viewing angle for everyone.

## Why We Love It

- Our Chief and Sanus brands offer the largest selection of universal and custom display mounts worldwide.
- Our mounts are designed to install quickly and easily without compromising on safety and quality.
- TV Mounts pair perfectly with our In-Wall Device Storage Boxes to easily organize and store streaming devices right behind the TV.
- Add on In-Wall Power and Cable Management solutions from On-Q and Sanus to keep power cords and network cables hidden in the wall and out of sight.

## OUR TOP PICKS FOR TV MOUNTING

### Advanced Tilt 4D Premium TV Mount

The Advanced Tilt 4D Mount allows you to tilt the TV in 4 different directions for maximum swivel capability. It's super easy to install, extending 6.8" from wall for convenient cabling access.

### Organize and Store AV Devices Out of Sight

The 9" and 17" in-wall device storage boxes allow you to mount AV components at the point of use, like directly behind the TV or other media centers. Constructed of Wi-Fi transparent plastic, they're perfect for storing Apple TV, Roku, Amazon Fire TV, network switches and more.

### Hide Cables for a Clean Look

The in-wall power and cable management kits easily hide all cabling, including power, HDMI, coax, and Cat 5e/6 behind the wall, while powering the TV and other AV devices.

FOR AMAZON AND SONOS

# SPEAKER STANDS, MOUNTS, AND ACCESSORIES

Save space and achieve placement perfection with stands, mounts, and accessories designed for your Sonos® Home Sound System and Amazon smart devices. The sleek design and integrated cable management ensure a completely seamless look while maximizing audio performance.

## Why We Love It

### Echo & Echo Dot

Save space with our mounts and outlet hanger solutions designed specifically for Echo and Echo Dot. Plug directly into an outlet anywhere in your home or mount the device to the wall in minutes.

### Echo Show 15

Offering up to 30-degree tilt in landscape mode and up to 27-degree tilt in portrait, this stand is perfect for tabletop viewing and interaction. And the built-in cable management hides excess cord for a clean, finished look.

## DESIGNED FOR SONOS®

Optimize your listening experience with speaker stands, mounts, bases, and shelves designed specifically for use with the Sonos® Home Sound System.

### Extendable Soundbar Mount

For Sonos Arc™

### Soundbar Mount

For Sonos Ray

# PROJECTION SCREENS & MOUNTS

Selecting the best projection screen is just as important as selecting the right projector. Da-Lite offers screen surfaces designed to maximize the technology in your projector by pairing it with screens designed for 4K and Ultra HD resolutions. Chief projector mounts offer flexible installation options and can be fine-tuned for a precise image. With cable management routing cabling out of the top of the mount, you can ensure the only thing you'll be seeing is your favorite content.

## Why We Love It

- Chief has a full selection of projector mounts for any installation – including convenient kit options to make ordering easier.
- Every Da-Lite screen is customized to your exact project specifications, ensuring the best viewing experience - every time.
- Da-Lite propriety projection surfaces are GREENGUARD and GREENGUARD Gold certified to meet and exceed stringent standards for indoor air quality and manufactured in the US.

The new cable drop feature for Tensioned Advantage® and Advantage ceiling recessed electric Screens. The suspension system features thin cables and gives the illusion of a floating screen.

FOR HOME THEATER INSTALLATIONS

# AV RACKS

Protect the gear for your home theater with a rack from Legrand | AV. Our racks keep your electronic devices organized and secure so you can find what you need in an instant but secure from prying hands—because no one wants a three-year-old reorganizing their cabling. And when paired with Legrand | AV power and thermal management, you can keep your equipment operating reliably for years to come.

## Why We Love Them

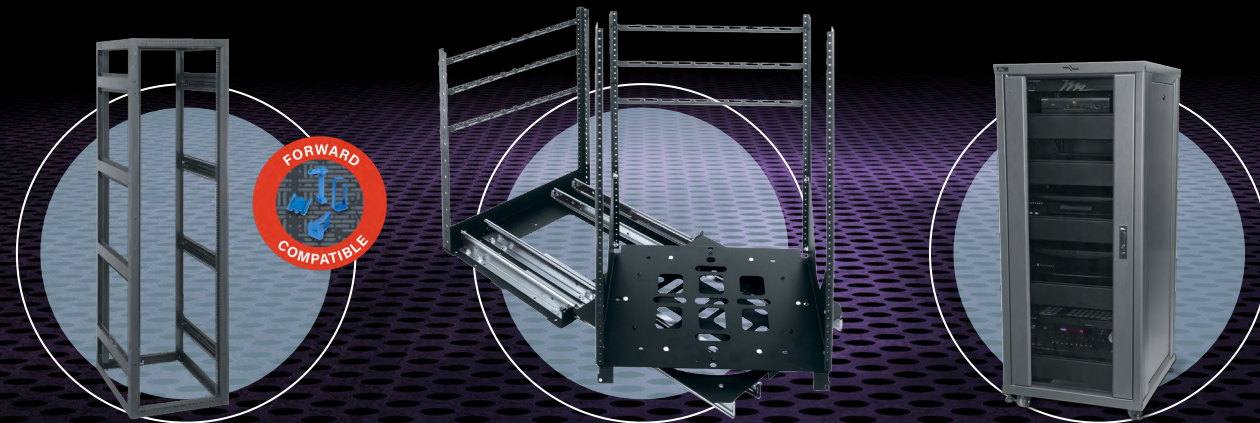

- Racks arrive fully assembled to minimize installation time
- Keep AV gear centralized in a single location
- Our racks offer thousands of custom configuration options to ensure every home need is met
- Tool-free accessories make installation 5x faster

Want to see the BGR in action?

It's the #1 AV rack for a reason - it is both Forward and Lever Lock™ compatible providing maximum mounting capacity on and off the rail and can host a suite of tool-free accessories.

The slide out rack perfect for easy rear access to equipment connections in millwork, cabinets and flush in-wall installations.

Save time, money, and the environment with the rack series designed with the residential industry in mind. It is completely assembled at the factory and ships with pre-installed accessories to save contractors time in the field while eliminating packaging waste.

7 Connect. Stream. Play.

# OUR FAVORITE RACK ACCESSORIES

Engineered to be aesthetically pleasing in the front and properly support equipment behind the plate, this series is designed to pair perfectly with Sonos Amps.

Mount small devices in the front or rear of the rack while maintaining flawless cable management.

Installing gear that isn't rackmount ready? No problem. Our utility shelves are up to the task to ensure all the essential home gear can be housed in the Middle Atlantic rack of your choice.

Our brush grommet panel provides a clean, organized cable entry method when mounted above or below equipment in the rack.

FOR AV EQUIPMENT

# POWER AND THERMAL MANAGEMENT

The gear for your home theater needs to be stored somewhere safe, accessible, and temperature controlled. Legrand | AV PDUs with flexible control options keep your system running and reliable. The ability to choose to control locally or virtually, via third party control system or cloud ensures system uptime and dependability while maximizing your equipment's productivity. Install intelligent thermostatic controls to save energy, minimize unnecessary noise, and preserve the life of your equipment.

# HOT PRODUCTS

## Why We Love Them?

- Middle Atlantic's Series Protection detects a surge event prior to the event moving all the way through the inductor keeping AV investments – of often hundreds or even thousands of dollars - protected.
- With the NEXSYS UPSs everything is assembled and connected right from the factory saving you time during your installations.
- We make thermal management cool with smart, quiet, elegant way to keep electronics systems temperature controlled.

# THERMAL MANAGEMENT

## Quiet Blower QBP Series Quiet Blower Panels

The QBP-2 is quieter and puts out more CFM than other 1 space fan panels. This unit uses a pair of custom-designed blowers in a single rackspace.

## Cabinet Coolers CAB-COOL - Cabinet Cooler Installation

Cabinet Coolers remove heat generated by components located in smaller cabinets, credenzas, lecterns, and entertainment centers. Here's how easy it is to install!

## CFM High CFM Configurable Rear Doors

Remove hot air from densely populated server enclosures... FAST!

## Power Cool Power Distribution And Cooling

Power Cool (PD-COOL) is an integrated power distribution and cooling solution in a compact 1 rackspace size.

## NETWORKING GEAR

Whether it's a weekly movie night or a monthly movie marathon, you need a network that can support it all. Keep your network flowing throughout every room in your home with the right Wi-Fi system. Legrand | AV offers routers to support not only your connected devices but additional access points to optimize your Wi-Fi performance.

### Why We Love It

- Luxul products enabled with ProWatch means that in the event something goes awry—hey, it happens—remote management can assess and correct the problem in a jiffy.
- We keep the show going with Wi-Fi system designed for free by engineers when you enroll in CAP provided by Luxul.
- Not familiar with CAP? Don't sweat it! We have all the info on this awesome program on page (X).
