

# ROBOSHOT 30E-M

## Microsoft Teams Certified PTZ Camera

### COMPARISON SHEET

The RoboSHOT 30E-M is perfect for an environment that requires the full range of motion of a PTZ camera and Microsoft Teams certification. Built on the success of the RoboSHOT 30E USB, the 30E-M provides a consistent, repeatable and high-quality Microsoft Teams experience in medium and large conference, training and board rooms. The RoboSHOT 30E-M joins the IntelliSHOT-M as the second Microsoft Teams Certified camera in Vaddio's lineup.

All three cameras offer up to 30x zoom, a wide 70.2° field of view, exceptional HD image quality and a 3 year warranty with first year advance replacement.

Check out the table below to compare the three cameras.
