

MDU SOLUTIONS

MEET THE DEMANDS OF HIGH-SPEED BROADBAND DISTRIBUTION

with Legrand | AV Structured Media
Enclosures in Multifamily Units.

Our centralized infrastructure solutions work behind the scenes to efficiently distribute, mount, power and protect broadband and AV equipment. In-Wall Media Enclosures keep essential systems concealed, organized but accessible, and allow for easy expansion or updates as technology needs evolve.

ON-Q STRUCTURED MEDIA ENCLOSURES - BETTER BY DESIGN

- Supports incoming microduct for fiber optic deployment and management
- Designed to house modems, optical network terminals (ONT) routers and more
- Constructed with Wi-Fi transparent plastic material
- Extra venting along the vertical and horizontal plane of door allows for superior heat dissipation supporting equipment longevity
- Standard, extended enclosure door provides the depth needed to house ISP and 3rd party products
- Reversible door swings a full 180° accommodating installations where space is limited
- Cable knock outs on top and bottom are varied in size to support a mix of cables (microduct/fiber/copper) and power options
- Available in 15", 20", 30" and 42" to accommodate any size project
- Full line of enclosure accessories allow seamless installation of 3rd party products and simplified management of fiber/cable deployment
- Designed and manufactured in the US – no import supply chain concerns
- Project Bulk Packs, 5 pack of enclosure back box's only (for the rough-in) 5 pack of doors/trim-rings (for the trim-out)

OUR COMMITMENT TO EXTRAORDINARY EXPERIENCES

Project design assistance and project pricing available.
