

# RISK ASSESSMENT - **COGGESHALL UNITED FC**

THURLOW NUNN DIVISION ONE SOUTH & ESBL DIVISION ONE

Coggeshall United Football Club will produce their risk assessments on this page in preparation of spectators being allowed back into the stadium and clubhouse along with a risk assessment for the ground and changing facilities.

In line with FA and Government guidance, we have completed a comprehensive Covid-19 risk assessment which outlines how we are mitigating the risk of the spread of Covid-19 virus. This will be widely available and includes a code of behaviour for the playing squad(s) and adherence to a Track & Trace Policy in line with Government and FA guidance.

Our aim is to keep all players, club officials, FA officials and supporters as safe as possible, so we can return to some sort of normality as early as is possible.

We will constantly review our practices and protocols.

Our Covid Officers are Steve Townsend and Brian Sawyer.

THE HAZARDS?	WHO MIGHT BE AT RISK?	CONTROL MEASURES	ADDITIONAL CONTROLS
Contracting or transmitting coronavirus by not washing hands or not washing them adequately	Club staff Club and visiting players and staff Match Officials Supporters / Visitors	Provision of hand sanitiser on entry and elsewhere  Encouraging good hygiene practices as per Govt guidelines
