Good morning,

We have received your documentation. Your request for a recycle cart has been placed on the list to be delivered no later than three to four weeks. Bin will be delivered to the **FRONT** of the property and no one has to be home for delivery.

At this time, the municipal trashcan program has a backlog and your address has been placed on the waitlist pending delivery. Once your address is reached on the waitlist, your bin will be delivered to the front of your property. No one needs to be home during delivery of your trashcan. We apologize for the inconvenience.
