To Whom it May Concern

Good morning, My name is Oscar Parada, I'm new here in this neighborhood, 2924 E Madison St Baltimore MD 21205, I have seen my neighbors use the trash can outside of their house (back on the alley as you see in the pictures), I'm making a cleaning every Sunday, on the alley but some neighbors leave their trash can on the ally, more people from another neighborhoods comes here and leave the trash,

There are four problems here in our neighborhood (block)

a. Trash Can on the alley and ally corner far away some houses

1. What can we do to improve this situation?
2. Could you talk to the neighbors and explain to them how to handle the trash can?
3. Could health department or another department help and talk with them?

b. (N Curley St), They drink alcohol and leave the bottles and break bottles and others trash on the St.

1. The Street look no so good
2. This one support or accurate to the proliferation of rats

c. Some neighbors leave a chair on the sidewalk, sometimes broken chairs on the St.

1. The street no look so good

D. The city never Collects all the Garbage

1. in this neighborhood I believe that on Fridays the city no collects all the garbage as show in the picture

Here there are a lot of rats because It's normally to leave the trash can in the alley corner far away from their houses.

Thank your support, will be the best for this neighborhood and our city

SUNDAY, DECEMBER 07 20205, BEFORE CLEANING

SUNDAY, DECEMBER 07 2025 AFTER CLEANIING

FRIDAY, DECEMBER 12 AFTER THE CITY COLLECTS THE GARBAGE

CHAIRS BLTTLES AND TRASH ON THE STREET
