Initial Term. Either party may terminate the month- to-month lease at the end of any rental month, provided that written notice of not less than sixty (60) days is given to the other party.

NOTICE: notice requirements vary depending on the jurisdiction. The State requires that Landlord give 90 days' notice to Tenant of termination of a lease with a term of a year or longer.

+

C. YEAR-TO-YEAR: This Lease shall continue in force from year to year after the expiration of the Initial Term. Either party may terminate this year-to-year Lease at the end of any renewal term, provided that written notice of not less than ninety (90) days is given to the other party prior to the end of any renewal term.

8. PAYMENT OF RENT: Tenant agrees to pay the rent when due without any deduction or setoff. If a monthly installment of rent is paid more than FIVE (5) days after the date when due, Tenant shall pay, as additional rent, a sum equal to 5% of the amount of delinquent rent due. If a check is accepted by Landlord from Tenant for rent, it is purely as an accommodation to Tenant. If the check is dishonored, Tenant agrees to pay a \$ 102.50 charge to Landlord as additional rent. The amount of late fees and bad check fees shall be added to and deemed part of the rent due and shall be payable by Tenant to Landlord on demand. Landlord shall have the same remedies for the collection of such charges and fees as Landlord has for the non-payment of rent. Tenant is hereby notified that all payments will be applied first toward late charges, then toward returned check service charges, then toward attorney's fees and finally toward rent. If the remaining amount is not sufficient to cover the full current month's rent, a late fee will be assessed on the current month's rent. Should the Landlord accept any partial payment of rent, this acceptance shall not be interpreted as changing the terms of the Lease which require the payment of rent as specified herein.

9. TENANT RESPONSIBLE FOR ADDITIONAL RENT: Tenant agrees to pay as additional rent (a) any and all sums which may become due by reason of the failure of Tenant to comply with any of the terms and conditions of this Lease; (b) any and all damages, costs and/or expenses which the Landlord may suffer or incur by reason of any default under this Lease by Tenant; and (c) any and all damages to the Property caused by any act or negligence of Tenant, other residents of the Property, or Tenant's agents, employees, invitees, or family members. In the event Tenant fails to make any such payments, then the amount thereof shall be added to and deemed part of the rent due, and Landlord shall have the same remedies for the collection of such payments as Landlord has for non-payment of rent under this Lease.

10. TENANT OPPORTUNITY TO PURCHASE: If Landlord intends to sell the Property while occupied by Tenant, Tenant may have the right to an exclusive negotiation period to submit an offer to purchase the Property. To determine whether Tenant has the right to an exclusive negotiation period, Tenant may contact the Office of Tenant and Landlord Affairs of the Maryland Department of Housing and Community Development. **Landlord shall attach as an Addendum to this Lease a copy of the most recent Maryland Tenant's Bill of Rights published by the Office of Tenant and Landlord Affairs.**

11. ACTIVE MILITARY DUTY: In the event Tenant is a member of the Armed Services and on active duty at the time Tenant enters into this Lease, and Tenant subsequently receives a "change of assignment" as defined in Section 8-212.1 of the Real Property Article, Annotated Code of Maryland, Tenant's liability to pay rent may not exceed: (1) any rent or lawful charges then due and payable plus 30 days' rent after written notice and proof of the change of assignment is given to the Landlord; and (2) the cost of repairing damage to the premises caused by an act or omission of Tenant.

12. LEGAL RIGHTS OF LANDLORD: If Tenant shall fail to pay the rent or any additional rent as herein provided, or if Tenant shall breach any other term, covenant, or condition of this Lease, including, but not limited to, any misrepresentation in Tenant's application, Landlord may (a) re-enter the Property and terminate this Lease in accordance with the applicable provisions of law; (b) bring summary ejectment proceedings to evict Tenant; or (c) pursue any and all other remedies available to Landlord at law or in equity. No such termination of the Lease, nor recovery of possession of the Property, however, shall constitute a waiver by Landlord of any available action by Landlord against Tenant for unpaid rent or for damages which may be due or sustained prior to or subsequent to the termination of this Lease, nor shall such termination extinguish Tenant's obligation to pay all rent and other sums due and owing to Landlord prior to or subsequent to such termination and/or recovery of possession.

13. DELIVERY OF NOTICES: All notices required to be given by Landlord to Tenant shall be sufficiently given by leaving the same at the Property, except that notice of the withholding by Landlord of any portion of the Security Deposit shall be mailed by Landlord to Tenant at Tenant's last known address, within forty-five (45) days after the termination or expiration of this Lease.

14. SECURITY DEPOSIT: In accordance with the Annotated Code of Maryland, Real Property Article, Tenant has deposited with Landlord the sum of Two thousand fifty and 00/100 Dollars (\$ 2,050.00), ("Security Deposit") receipt of which is hereby acknowledged, which sum does not exceed one (1) months' Rent. **NOTICE: Total security deposit, including pet deposit, may not exceed one month's rent.**

The Security Deposit is to be held as collateral security and applied to any rent or unpaid utility bill that may remain due and owing at the expiration of this Lease, any extension thereof or holding over period, or applied to any damages to the Property in excess of ordinary wear and tear caused by the Tenant, Tenant's family, guests, agents, employees, trades people, or pets, or other damages and expenses suffered by Landlord as a result of a breach of any covenant or provision of this Lease.

Tenant may not utilize the Security Deposit as rent and must not apply the same as the last month's Rent. The Security Deposit will be deposited within thirty (30) days after it has been received and maintained in an escrow account, devoted exclusively to security deposits, in a federally insured financial institution which does business in the State of Maryland. The Security Deposit may be held in insured certificates of deposit at branches of a federally insured financial institution within the State of Maryland or in securities issued by the federal government or the State of Maryland. The Landlord must provide the Tenant, within forty-five (45) days after the termination of the tenancy by first class mail directed to the last known address of the Tenant, a written list of any damages to the Property together with a statement of costs actually incurred. Within forty-five (45) days after the termination of the tenancy, Landlord must return the Security Deposit to Tenant together with simple interest which will accrue at the legal rate less any damages rightfully withheld. Interest will accrue at six (6) month intervals from the day Tenant deposits said collateral security with Landlord, provided the said Security Deposit is Fifty Dollars (\$50.00) or more. Interest on the Security Deposit shall not be compounded. Landlord need not notify Tenant of his/her intention to withhold all or any part of the Security Deposit if Tenant has been evicted, or ejected for breach of a condition or covenant of the Lease prior to the termination of the tenancy, or if Tenant has abandoned the Property prior to the termination of the tenancy. In such event Tenant may make demand for return of the Security Deposit by giving written notice by first class mail to Landlord within forty-five (45) days of being evicted or ejected or of abandoning the Property. The notice shall specify the Tenant's new address. Landlord, within forty-five (45) days of receipt of said notice, shall supply Tenant with a list of damages and costs by first class mail.

Tenant's obligations under this Lease may not end when Tenant ceases to occupy the Property. Repairs required may be so substantial or of such a nature that work will not be completed within the forty-five (45) day period following the termination of the tenancy. In such event, Landlord reserves the right to pursue Tenant for reimbursement for costs incurred for damages.

Tenant has the right to have the Property inspected by Landlord, in the presence of Tenant, for the purpose of making a written list of damages to the Property that exist at the commencement of the Tenancy if Tenant so requests, in writing, by certified mail, to Landlord within fifteen (15) days of the Tenant's occupancy of the Property. Tenant has the right to be present at the time of inspection to determine if any damage has been done to the Property if Tenant notifies Landlord by certified mail of Tenant's intention to move, date of moving and Tenant's new address. Such notice, from Tenant to Landlord, must be mailed at least 15 days prior to date of moving. Upon receipt of notice, Landlord shall notify Tenant by certified mail of the time and date when the Property is to be inspected. The inspection date shall occur within five (5) days before or five (5) days after the Tenant's stated date of intended moving as designated in Tenant's notice.

In the event of a sale of the Property or the transfer or assignment by Landlord of this Lease, Landlord has the obligation to transfer the Security Deposit to the transferee. After the transfer is made and after written notice of same is given to Tenant with the name and address of the transferee, Landlord is released from all liability for the return of the Security Deposit and Tenant must look solely to the new Landlord for the return of his Security Deposit. It is agreed that the foregoing will apply to every transfer or assignment made of the Security Deposit to a new Landlord.

In the event of any rightful or permitted assignment of this Lease by Tenant to any assignee or sublessee, the Security Deposit is deemed to be held by Landlord as a deposit made by the assignee or sublessee and Landlord will have no further liability with respect to return of such Security Deposit to the assignor.

The failure of Landlord to comply with the Security Deposit Law may result in Landlord being liable to Tenant for a penalty of up to three (3) times the Security Deposit withheld, plus reasonable attorney's fees. Landlord, by Maryland law, shall retain a copy of this receipt for a period of two (2) years following the termination of the tenancy, abandonment of the Property, or eviction of the Tenant.

Landlord or Landlord's estate but not the managing agent or court appointed receiver shall remain liable to Tenant for the maintenance of the Security Deposit as required by law.

In the event of water moisture, water leaks, water spillage, flooding and/or water damage, Tenant shall take immediate measures to contain the water and to prevent further water damage including turning off any faucets and to cease the use of any toilet, sink, bathtub or appliance causing such water leaks or spillage. Tenant shall notify Landlord promptly in the event mold of any type is observed within the leased Property. Upon notification from Tenant, Landlord, at Landlord's sole expense, shall promptly remediate and repair any water damage to the Property caused by water moisture, water leaks, water spillage or flooding and remove in accordance with industry standards any mold within the Property which occur through no fault of Tenant. In the event water damage or mold occurs within the Property through the negligence of Tenant, Tenant shall pay, as additional rent, all costs and expenses incurred by Landlord, to remediate and repair such water damage and removal of mold.

34. LEAD-BASED PAINT:

A. FEDERAL LEAD-BASED PAINT LAW: Title X, Section 10108, The Residential Lead-Based Paint Hazard Reduction Act of 1992 (the "Federal Program") requires the disclosure of certain information regarding lead-based paint and lead-based paint hazards in connection with the rental of residential real property. An owner of pre-1978 housing is required to disclose to Tenant, based upon owner's actual knowledge, all known lead-based paint hazards in the Property and provide Tenant with any available reports in owner's possession relating to lead-based paint or lead-based paint hazards applicable to the Property. In the event the Federal Program is applicable, the Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards is attached and hereby made a part of this Lease.

B. MARYLAND LEAD POISONING PREVENTION PROGRAM: If the Property was built prior to 1978, the Property is also subject to the Maryland Lead Poisoning Prevention Program Act contained in the Maryland Code, Environmental Article Section 6-801 et seq. (the "Maryland Program"). Detailed information regarding compliance requirements may be obtained at: <http://www.mde.state.md.us/programs/Land/LeadPoisoningPrevention/Pages/index.aspx>.

C. AGE CLASSIFICATION OF PROPERTY: Landlord represents and warrants to Tenant(s), broker(s), broker(s)' agents and subagents, intending that they rely upon such warranty and representation, that:
The Federal Program (**check one**)

- ☐ the Property was built during or after 1978; the Federal Program does not apply.
☒ the Property was built before 1978; the Federal Program applies.

The Maryland Program (**check one**)

- ☒ the Property was built prior to 1978; the Maryland Program applies.
☐ the Property was built during or after 1978; the Maryland Program does not apply.

Age Classification Unknown (**check if applicable**)

- ☐ Landlord is uncertain as to age classification, therefore, Landlord acknowledges that, for the purposes of the rental contemplated by this Lease, the Property will be treated as though it had been constructed prior to 1978, and agrees that the Property is fully subject to both the Federal Program and the Maryland Program as to the presence of lead-based paint and/or lead-based paint hazards.

D. ACKNOWLEDGEMENT: Tenant understands that the Property may be subject to the Federal Program and the Maryland Program as to the presence of lead-based paint and/or lead-based paint hazards. If the Property is subject to Federal Program and the Maryland Program as to the presence of lead-based paint and/or lead-based paint hazards, Tenant acknowledges receipt of the following required brochures:

1. **Under Federal Law** (The Residential Lead-Based Paint Hazard Reduction Act of 1992)
 - a. The EPA "Protect Your Family From Lead In Your Home" brochure.

E. RENOVATION, REPAIR AND PAINTING OF PROPERTY: In accordance with the Lead Renovation, Repair and Painting Rule ("RRP") as adopted by the Environmental Protection Agency ("the EPA"), effective April 22, 2010, if the improvement(s) on the Property was built before 1978, the contractor(s) engaged by the Tenant to renovate, repair or paint the Property must be certified by the EPA to perform such renovation, repair or painting projects that may disturb paint. Before and during any renovation, repair or painting projects on any pre-1978 housing, contractor(s) must comply with all requirements of the RRP.

Tenant shall not personally perform any renovation, repair or painting project which might disturb paint in pre-1978 rental housing. Tenant shall not hire any contractor(s) to renovate, repair or paint pre-1978 rental housing unless Tenant provides to Landlord written evidence, satisfactory to Landlord, that all such contractor(s) to perform such work are certified by the EPA, or state equivalent, and shall perform such work in strict accordance with the RRP. For detailed information regarding the RRP, Tenant should visit <http://www2.epa.gov/lead/renovation-repair-and-painting-program>.

Tenant understands and acknowledges that compliance under Federal and Maryland law is the sole responsibility of Landlord and that Tenant agrees to read and become familiar with the requirements of Federal and Maryland law as contained in the above brochures and notice. SB **TENANT'S INITIALS**

35. TENANT ACCEPTS PROPERTY: Tenant has been provided with an opportunity to inspect the Property and accepts the Property in its present condition, unless otherwise agreed in writing.

36. CRIMINAL ACTIVITY AND SEXUAL OFFENDERS: Tenant may contact the state, county or municipal police departments in which the Property is located or check the "Sex Offender Registry" at the Maryland Department of Public Safety and Correctional Services website in order to ascertain criminal activity in the vicinity of the Property or the presence of registered sexual offenders who live or work within the vicinity of the Property. Tenant acknowledges that Tenant is solely responsible to inquire of such matters before signing this Lease. Tenant shall have no right to cancel this Lease based upon criminal activity or the presence of registered sexual offenders in the vicinity of the Property. Tenant further acknowledges that no real estate licensee involved in the leasing of the Property, whether acting as the agent for Landlord or Tenant, has any duty nor assumes any duty or responsibility to ascertain criminal activity or the presence of registered sexual offenders in the vicinity of the Property.

37. FLOOD-PLAIN NOTICE: In the event any part of the Property is located within a designated flood hazard area, Tenant is advised of the following:

The rental unit you are to occupy or the motor vehicle parking area or separate storage facility you are to use (as the case may be) is situated in an area prone to flooding during unusually heavy or prolonged steady periods of rain. Such flooding may damage personal belongings and motor vehicles. Because of this possible loss, you may be eligible for U.S. Government subsidized flood insurance which may be purchased from some insurance agents. Damage to motor vehicles may not be covered by such insurance; therefore, you may also wish to determine whether or not you have sufficient motor vehicle insurance to cover loss due to damage to your motor vehicle resulting from flooding in this area. The local zoning authority can provide information pertaining to the susceptibility of this area to flooding. You may wish to contact the appropriate department before signing either this acknowledgement or Lease for this rental unit. Detailed information regarding flood insurance coverage, the premiums that are likely to be required to purchase such insurance and any available information about how those premiums may increase in the future may be obtained at: <https://www.fema.gov/national-flood-insurance-program>. Detailed information regarding updated flood insurance rate maps may be obtained at: <http://www.mdfloodmaps.net/home.html>.

I acknowledge reading and understanding the foregoing warning concerning flooding. I have been provided time, prior to signing either this acknowledgement or Lease, to contact the appropriate governmental agency concerning the susceptibility of the area around my rental unit to flooding. SB **TENANT'S INITIALS**

NOTICE: Some jurisdictions require acknowledgement of this notice.

38. TENANT'S LIABILITY AND RESPONSIBILITY TO OBTAIN INSURANCE: Tenant agrees that with respect to those portions of the Property within the exclusive control of Tenant, Landlord shall not be responsible or liable for any loss or damage to any goods or chattels placed on, in, or about the Property, nor for any personal injury to Tenant or any agent, employee, invitee, or family member of Tenant. Landlord shall not be deemed a bailee as to any goods or chattels placed on, in, or about the Property. It is the responsibility of Tenant to obtain and pay the costs of any insurance to protect Tenant from loss or damage to Tenant's personal property placed on, in, or about the Property, and to maintain adequate personal liability insurance ("Tenant Liability Insurance"). Tenant agrees to obtain Tenant Liability Insurance in the minimum amount of \$ 20,000.00. Notwithstanding any provision of this Lease to the contrary, no provision of this Lease shall be construed to indemnify Landlord, or to hold Landlord harmless, or to exonerate Landlord from any liability to Tenant, or to any other person, for any injury, loss, damage, or liability.

Tenant SB

arising from any omission, fault, negligence, or other misconduct of Landlord on or about those areas which are not within Tenant's exclusive control.

39. JOINT AND SEVERAL LIABILITY: Each Tenant is jointly and severally liable to Landlord for full performance under each and every covenant and condition of this Lease and for compliance with applicable law.

40. TENANT INDEMNIFIES LANDLORD: Tenant shall indemnify and hold Landlord harmless against and from any and all liability arising from any injury or death, property damage, or other loss during the Term to person or property arising within those portions of the Property within the exclusive control of Tenant, or occasioned by any act or omission of Tenant, any resident of the Property, or of any agent, employee, invitee, or family member of Tenant.

41. TENANT'S RESPONSIBILITY AT END OF TERM: Tenant agrees to surrender the Property to Landlord at the end of the Initial Term, or any renewal thereof, in the same condition as when received, ordinary wear and tear excepted. Tenant further agrees to surrender the Property free and clear of all furniture and debris and in a broom clean condition.

42. FAILURE TO VACATE AT TERMINATION: If Tenant does not vacate the Property on or before the last day of the applicable Term, Landlord may in accordance with Maryland law (a) eject Tenant and take possession of the Property; (b) hold Tenant liable as a tenant holding over at the same rent; and/or (c) exercise any other remedy granted to a landlord under Maryland law.

43. TENANT RESTRICTED FROM SUBLEASING OR ASSIGNING LEASE: Tenant shall not assign this Lease or sublet all or part of the Property without the prior written consent of Landlord, which consent may be withheld in the Landlord's sole and absolute discretion. Any assignment or subletting without Landlord's prior written consent shall be null and void and of no effect. Landlord may elect to accept rent directly from any assignee or subtenant, but the acceptance of rent from an assignee or subtenant shall not constitute a release of Tenant from Tenant's liability hereunder. Any consent to a subletting or assignment shall not constitute a waiver of the obligation of Tenant to obtain consent for any subsequent assignment or subletting, and such consent shall not constitute a release of Tenant from Tenant's liability hereunder.

44. TENANT'S AND LANDLORD'S RIGHTS IF PROPERTY IS DAMAGED: If the Property is (a) rendered totally uninhabitable by fire, act of God, or by the acts of rioters or public enemies; or (b) if the Property is only partially damaged or destroyed and Landlord, upon notice to Tenant, elects not to repair such damage or destruction, the tenancy hereby created shall immediately cease and all rent payable under this Lease shall be apportioned to the date of such occurrence. If, however, the Property is only partially destroyed or damaged and Landlord elects to repair the damage to the Property, then Landlord shall restore the Property to substantially the same condition as existed immediately before such occurrence without unreasonable delay. In such event, the rent payable under this Lease shall not be abated and this Lease shall remain in full force and effect.

45. TENANT'S AND LANDLORD'S RIGHTS IF PROPERTY IS TAKEN BY THE GOVERNMENT: If the Property or any part thereof is taken or condemned for a public or quasi-public use, this Lease shall, as to the part so taken, terminate as of the date title shall vest in the condemnor. Tenant waives all claims against Landlord and condemnor by reason of the complete or partial taking of the Property, and all damages awarded as a result of any condemnation, whether for the whole or a part of the Property, shall belong to and shall be the sole property of Landlord, whether such damages shall be awarded as compensation for diminution in value to the leasehold or to the fee of the Property.

46. LANDLORD'S RIGHT TO RE-RENT THE PROPERTY: If the Property becomes vacant because of the exercise by Landlord of Landlord's remedies under this Lease, or should Tenant abandon the Property, Landlord may take possession of and re-let the Property, as agent of Tenant, upon such terms and conditions as Landlord shall reasonably determine. Abandonment of leased Property means there is an absolute relinquishment of Property by Tenant consisting of act and intention. Tenant, upon demand by Landlord, shall pay to Landlord all costs and expenses incurred by Landlord in such re-letting and may be liable to Landlord for the difference between the rent payable under this Lease and the amount of the rent received upon any such re-letting. Nothing contained in this Lease shall be deemed to impose upon Landlord any obligation to show or lease the Property in preference to any other rental property(ies) owned by Landlord.

47. TENANT AND LANDLORD MAY MEDIATE DISPUTES: In the event a dispute between Landlord and Tenant arises out of or from this Lease, Landlord and Tenant acknowledge that such dispute may be voluntarily submitted to mediation through the local board/association of REALTORS®, the Maryland Association of REALTORS®, or through such other mediator or mediation service as may be mutually agreed upon by Tenant and Landlord in writing. Mediation is a process by which the parties attempt to resolve a dispute with the assistance of a neutral mediator who is trained to facilitate the resolution of disputes. The mediation process requires the voluntary participation by both Tenant and Landlord. The mediator has no authority to make an award, to impose a resolution of the dispute upon the parties, or to require the parties to continue mediation if either party does

not desire to do so. A resolution of a dispute through mediation is not binding upon the parties, unless the parties voluntarily enter into a binding written agreement resolving the dispute.

48. ATTORNEY’S FEES AND COURT COSTS: Should any action be brought by either party hereto to enforce any provision of this Lease, the prevailing party in such action shall be reimbursed by the other party for all reasonable attorney’s fees, necessary expenses, and court costs incurred by the prevailing party in the action.

49. LANDLORD DOES NOT WAIVE LEGAL RIGHTS: The failure of Landlord to insist upon the strict performance of any of the terms and conditions of this Lease, in any one or more instances, or to exercise any election as herein provided, shall not constitute or be construed as a waiver by Landlord of such term or condition or an election for future instances.

50. HEIRS AND ASSIGNS ARE BOUND BY LEASE: The terms and conditions of this Lease shall be binding upon and inure to the benefit of the heirs, personal representatives, successors, and assigns (if permitted) of Landlord and Tenant.

51. CONTROLLING LAW: This Lease shall be construed and interpreted in accordance with the laws of the State of Maryland. As used in this Lease, the singular shall include the plural and the plural shall include the singular and the use of any genders shall be applicable to all genders. Broker and broker’s agents, subagents, and employees do not assume any responsibility for the condition of the Property or for the performance of this Lease by any or all parties hereto. By signing this Lease, Tenant acknowledges that Tenant has not relied upon any representations made by broker or any agent, subagent, or employee of broker, except those representations expressly set forth herein. In the event a dispute arises under this Lease between Landlord and Tenant resulting in broker or broker’s agents, subagents, or employees being made a party to any litigation, whether as a defendant or third party defendant, Landlord and Tenant, jointly and severally, agree to indemnify broker and broker’s agents, subagents, or employees for all costs and expenses, including reasonable attorney’s fees incurred by broker or broker’s agents, subagents, or employees as a result of such litigation, provided that such litigation does not result in a judgment against broker or broker’s agents, subagents, or employees for any wrongdoing.

What is Bright MLS?

Bright runs the largest, most accurate, up-to-date database of properties for sale and rent in the area, creating an open, transparent market for information about available homes. Most websites and apps get their information from Bright's multiple listing service (MLS). For more information, go to BrightMLS.com/Open.

How does Bright MLS work?

Impartial Cooperation Among Agents and Brokers: Bright supports an open, transparent market for property information by requiring subscribers (licensed agents and brokers) to cooperatively share information about all available properties and make them available to subscribers in the area on an impartial basis.

Open, Transparent Access to Information: You and your broker decide on the information, pictures, and price submitted to Bright for your home. Bright checks it for accuracy, enhances it with historical records, and shares it (for free) with 100,000+ brokers/agents and thousands of sites and apps. Bright charges you nothing; subscribers pay a flat subscription fee.

What do I need to know about broker fees? What your broker may earn, and what you may pay, must be agreed in a contract by the time you (seller/landlord) sign a listing agreement, or you (buyer/tenant) are taken on a home tour. ***Those amounts are not set by law, trade association, or Bright; they are fully negotiable.***

Subscribers must work impartially with their clients and other subscribers, in their client's best interest, regardless of any financial arrangement with another broker, which may not be communicated using Bright's system and must be disclosed in writing to their client.

A buyer/tenant may ask in a purchase offer for a seller/landlord to cover closing costs, including broker fees. If you are a seller/landlord, you may choose to agree to cover a buyer's closing costs or service provider fees (e.g., title, broker or lawyer fees) or provide other concessions.

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint or lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at [epa.gov/lead](https://www.epa.gov/lead).
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at [epa.gov/lead](https://www.epa.gov/lead).

¹ "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm²), or more than 0.5% by weight.

² "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorated lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 10 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 100 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:
 - Portable x-ray fluorescence (XRF) machine
 - Lab tests of paint samples
- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:
 - Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
 - Sample dust near painted surfaces and sample bare soil in the yard
 - Get lab tests of paint, dust, and soil samples
- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

MARYLAND TENANTS' BILL OF RIGHTS

(EFFECTIVE JULY 1, 2025)

Maryland law requires the Office of Tenant and Landlord Affairs to publish a Tenants' Bill of Rights and update it by June 1 each year. Landlords must attach the latest version of this document to every residential lease. (Housing and Community Development Article of the Maryland Code, Sections 5-101 through 5-104 and Real Property Article of the Maryland Code, Section 8-208)

This document summarizes significant rights of tenants under Maryland law. It is not a complete list of every tenant right. It does not cover every detail, exception, or difference that may apply on a case-by-case basis.

Additional information may be available through:

- The Maryland Code references listed with each right or other applicable laws
- Independent research
- Consulting with an attorney

Some local jurisdictions within the state may offer additional rights to residential tenants. But the rights in this Maryland Tenants' Bill of Rights apply to all residential tenants in Maryland.

This is general information and does not constitute legal advice. You are encouraged to speak with an attorney if you have questions about your rights as a tenant. Contact information for legal services is listed at the end of this bill of rights.

1. RENTAL APPLICATIONS

A landlord who rents five or more units may not charge more than \$25 in fees, outside of a security deposit.

Some landlords may choose to accept a tenant screening report prepared in the previous 30 days by a consumer reporting agency which the tenant obtains and pays for. If a landlord accepts such a report from you, the landlord may not charge you an application fee.

(Real Property Article of the Maryland Code, Sections 8-213 and 8-218)

2. LEASES & TENANCIES

A landlord that rents five or more units in Maryland is required to use a written lease. If the landlord does not use a written lease, tenancy is presumed to be 1 year from the tenant's first use of the unit.

However, if your landlord does give you a written lease, it must include:

- A statement of the condition of the property
- An explanation of who is responsible for utility bills and property repairs
- A receipt for your security deposit
- A copy of the most recent version of the Maryland Tenants' Bill of Rights
- Contact information for the landlord or the contact information of an agent authorized to receive notices and service of process on the landlord's behalf.

A landlord that rents four or fewer units in the state is not required to use a written lease.

Some local jurisdictions may require additional information in leases.

A lease may not include:

- Requires you to allow the landlord to "confess judgment" on a claim arising out of the lease;
- Anything that says you give up your legal rights under the law or your right to a jury trial
- Any provision that shortens any notice period required by law
- Any other provision identified in Section 8-208 of the Real Property Article of the Maryland Code, or any other provision otherwise prohibited by law

An automatic renewal term in a lease must:

- Be separate from other parts of the lease
- Be signed or acknowledged by you separately

For the landlord to end your tenancy:

- For a written lease with a stated term, the landlord must notify you in writing at least 60 days before terminating the tenancy
- For month-to-month periodic tenancies, the landlord must notify you in writing at least 60 days before terminating the tenancy
- For year-to-year periodic tenancies, the landlord must notify you in writing at least 90 days before the tenancy ends

For you to end your tenancy:

- For leases with a stated term, month-to-month tenancies, and all other tenancies but a year-to-year tenancy, you must notify your landlord in writing at least 30 days before terminating the tenancy
- For year-to-year tenancies, you must notify your landlord in writing at least 90 days before terminating the tenancy

- Exceptions to these provisions:
 - Exception #1: If you are a victim of domestic violence or sexual assault and have a protective order or peace order, you have 30 days to vacate the leased premises after giving notice. You are only responsible, however, for rent from the time following the notice, until the date that you vacate, which may be fewer than 30 days. If you vacate in fewer than 30 days after giving notice, you must provide signed, notarized, written notification to the landlord, by first class mail or hand delivery, stating that you vacated the premises.
 - Exception #2: These provisions do not apply in Baltimore City.

If neither side gives notice, your lease may automatically renew or become month-to-month, depending on the terms of your lease. Less common tenancies like week-to-week, year-to-year, or farm tenancies have different notice requirements.

(Real Property Article of the Maryland Code, Sections 8-208, 8-210, and 8-402)

3. RENT

- Rent is due as your lease states.
- If you pay rent late, your landlord can charge a late fee, but it cannot be more than 5% of the late rent amount
- Your landlord must give you a receipt for your rent payment if you pay rent in cash.
- Your landlord may only increase your rent when your lease is renewed. In most cases, they must tell you in writing 90 days in advance of any rent increase. Some local jurisdictions may limit the amount by which rent can be increased, but there is no statewide law that limits rent increases when your lease is renewed.
- Your landlord can provide notice of a rent increase by email, text, or electronic tenant portal only if you have agreed to receive notices electronically.
- If you pay utilities directly to your landlord, your landlord must give you copies of the monthly utility bills.

(Real Property Article of the Maryland Code, Sections 8-205, 8-205.1, and 8-208)

4. SECURITY DEPOSITS

In most cases, a landlord may not require you to pay a security deposit higher than one month's rent. But your security deposit may be up to two months' rent. If you qualify for utility assistance from the Department of Human Services and lease agreement requires that you make payments for utility services directly to your landlord.,

A "security deposit" is any payment you give to the landlord to cover things like breaking the lease, damage to the property, or unpaid rent, including pet deposits.

Your landlord may not require you to pay more than the sum of the first month's rent and the security deposit before you move in.

The landlord must keep your security deposit in an interest-paying bank account and give you a written receipt, which must be included with the written lease. The landlord must advise you about your rights and the landlord's responsibilities relating to the security deposit when you pay the security deposit.

At the end of your tenancy, your landlord must provide you with a written list of any charges deducted from the security deposit. They must return the rest of your deposit with interest within 45 days.

If you plan to move out, you must send your landlord a certified letter at least 15 days before leaving. The letter should say you're moving and give your new address. If you do this, you have the right to be present when the landlord inspects your unit for damage that may reduce your security deposit.

Charges a landlord may legally deduct your security deposit include

- Damage to the property beyond normal wear and tear
- Unpaid rent or utility bills
- Costs or fees from an eviction case judgment

If the landlord does not return your deposit or give you a written list of charges within 45 days after you move out, they may lose the right to keep any of the deposit. You may also be able to get up to three times any amounts they unlawfully did not return.

(Real Property Article of the Maryland Code, Sections 8-203 and 8-203.1)

5. CONDITION OF RENTAL UNITS

Every rental property must be "fit for human habitation," meaning that it is safe and suitable for people to live in and free from problems (serious defects or conditions) that could cause a fire or that are a serious and substantial threat to your life, health or safety.

If you find such a problem, notify your landlord in writing right away. You must provide your landlord with access to your property to make repairs.

If your landlord doesn't fix the problem within a reasonable time after you provide notice, you have options: you can bring suit in the District Court for damages and a decrease in rent, or you may refuse to pay rent (and then raise the issues as a defense to the landlord's suit for rent). . You may also file a rent escrow case, through which you pay rent into the court instead of the landlord.

You have the right to basic services, including heat, light, electricity, hot and cold running water, and proper sewage disposal. Depending on the specific safety or living condition problems in your unit (for example in the case of lead paint), you may

- Have the right for temporary relocation assistance from the landlord
- Take legal action if your landlord does not assist with safe relocation

If the issue is not dangerous but violates local housing codes, you may contact your local code enforcement office if your landlord does not respond.

You have the right to quiet enjoyment of your rental unit for the duration of your tenancy as well as the right to move in and use the unit starting on the date listed in your lease.

(Real Property Article of the Maryland Code, Sections 8-204, 8-211, and 8-212)

6. EVICTIONS

If you violate your lease, don't pay rent on time, or don't move out when your lease ends, your landlord may start the eviction process by filing a case in the District Court.

Your landlord may not evict you unless the District Court has given the landlord the right to the property (called a judgment of possession) and issued an order to remove you (called a warrant of restitution). Efforts to evict you include changing the locks, shutting off utilities, or other similar actions to prevent your access to the unit or ability to live safely in the unit.

You have the right to attend any court hearing in an eviction case brought against you by a landlord. You may also have the right to have an attorney provided to represent you if you are unable to afford one.

If you owe rent, your landlord must notify you in writing at least 10 days before filing an eviction case for failure to pay rent against you in District Court. The 10 day notice requirement is not required for other types of eviction filings, such as a lease violation or staying in the rental unit longer than the time allowed by your lease.

If judgment is entered against you for failing to pay rent, you have four days to appeal that decision to the Circuit Court.

In most cases, you can stop the eviction by paying all past-due amounts and any court costs the court orders you to pay before the eviction is carried out. This is called the "right of redemption."

However, redemption is not an option if you have had 3 (4 in Baltimore City) or more eviction judgments for unpaid rent in the 12 months before the current case.

(Real Property Article of the Maryland Code, Sections 8-401, 8-402, 8-402.1, and 8-902)

7. CONSTRUCTIVE EVICTIONS

In Maryland, constructive eviction occurs when a landlord's actions - or failure to act – make it difficult for a tenant to use and enjoy their rental unit, forcing the tenant to move out.

In order to successfully claim constructive eviction, a tenant must prove several things, such as the landlord's actions or neglect significantly disrupted the tenant's use and enjoyment of the property, the landlord is responsible for the interference, the tenant told the landlord about the issue, and the tenant moved out a reasonable time after the interference. If you are interested in pursuing a claim for constructive eviction, you should consult with an attorney.

If constructive eviction is proven (1) You can treat your lease as ended and you are no longer responsible for paying rent; and (2) you may be able to sue the landlord for your losses. This may include moving costs, rent differences, attorney fees, and other related expenses resulting from the constructive eviction claim.

Landlords must avoid substantial interference with the tenant's enjoyment of their rental property, ensure the rental property is safe and livable, and generally respond to tenant complaints promptly to avoid legal and financial consequences.

8. TENANT RIGHT OF FIRST REFUSAL

If you are a named tenant on the lease and have lived in a rental property with 1, 2, or 3 units for at least six months, your landlord may be required to give you the chance to buy the property before selling it to someone else. This applies if your landlord plans to sell the property, or receives an offer to buy it from a third party. This rule does not apply in certain situations, such as when the property is transferred without a sale; for example, when the property is transferred to a family member, to a business owned by the landlord, or pursuant to a court order, among several other examples. .

If your landlord notifies you that they intend to sell the property to a third party, the notice should also include your right to make an offer to buy it. You have 30 days from the date of the notice to make an offer to buy the property or decline.

If you make an offer with the same or better terms than those in the notice, your landlord must accept it. If you decline to make an offer, your landlord may sell the property to a third party.

Some local jurisdictions may have their own laws about a tenant's right of first refusal or the opportunity to buy a rental property in cases not covered by state law.

(Real Property Article of the Maryland Code, Section 8-119)

9. PROHIBITED ACTS BY LANDLORDS

Housing discrimination is illegal under state and federal law. Landlords may not discriminate against potential or current tenants on the basis of race, color, religion, sex, disability, marital status, familial status, sexual orientation, gender identity, national origin, source of income, or military status. Some local jurisdictions may provide additional anti-discrimination protections.

A landlord may not retaliate, or threaten to retaliate, against you for

- a. making a good faith complaint about a violation of your lease, violation of the law, or the condition of the rental property;
- b. filing or participating in a lawsuit involving the landlord;
- c. participating in a tenants' organization;
- d. requesting police or emergency services at the property; or
- e. providing information to the landlord relating to lead paint issues.

Retaliation may include filing or threatening to file a lawsuit against you, increasing the rent, decreasing the services to you as a tenant (for example, shutting off utilities), failing to make necessary repairs, or terminating your tenancy, among other things.

Unless your lease provides otherwise, you have the right to quiet enjoyment of your residence. Your landlord has the right to enter your unit for legitimate purposes such as making necessary repairs, inspecting the unit, or showing the unit to prospective renters. Starting October 1, 2025, your landlord must notify you in writing at least 24 hours in advance of the inspection or repairs and can only enter the unit Monday through Saturday, from 7am to 7pm, unless it is an emergency. Your lease may provide more details, and your local jurisdiction may have more rules on when your landlord may enter your unit.

(Title 42, Sections 3601 and following of the United States Code; State Government Article of the Maryland Code, Sections 20-101, 20-704, and 20-705; Real Property Article of the Maryland Code, Sections 2-115, 8-204, 8-208.1, and 8-208.2)

Exceptions to the protections of these laws exist in certain circumstances.

MOLD BASICS

- The key to mold control is moisture control.
- If mold is a problem in your home, you should clean up the mold promptly *and* fix the water problem.
- It is important to dry water-damaged areas and items within 24-48 hours to prevent mold growth.

Why is mold growing in my home?

Mold growing outdoors on firewood. Molds come in many colors; both white and black molds are shown here.

Molds are part of the natural environment. Outdoors, molds play a part in nature by breaking down dead organic matter such as fallen leaves and dead trees, but indoors, mold growth should be avoided. Molds reproduce by means of tiny spores; the spores are invisible to the naked eye and float through outdoor and indoor air. Mold may begin growing indoors when mold spores land on surfaces that are wet. There are many types of mold, and none of them will grow without water or moisture.

Can mold cause health problems?

Molds are usually not a problem indoors, unless mold spores land on a wet or damp spot and begin growing. Molds have the potential to cause health problems. Molds produce allergens (substances that can cause allergic reactions), irritants, and in some cases, potentially toxic substances (mycotoxins).

Inhaling or touching mold or mold spores may cause allergic reactions in sensitive individuals. Allergic responses include hay fever-type symptoms, such as sneezing, runny nose, red eyes, and skin rash (dermatitis). Allergic reactions to mold are common. They can be immediate or delayed. Molds can also cause asthma attacks in people with asthma who are allergic to mold. In addition, mold exposure can irritate the eyes, skin, nose, throat, and lungs of both mold-

allergic and non-allergic people. Symptoms other than the allergic and irritant types are not commonly reported as a result of inhaling mold.

Research on mold and health effects is ongoing. This brochure provides a brief overview; it does not describe all potential health effects related to mold exposure. For more detailed information consult a health professional. You may also wish to consult your state or local health department.

How do I get rid of mold? It is impossible to get rid of all mold and mold spores indoors; some mold spores will be found floating through the air and in house dust. The mold spores will not grow if moisture is not present. Indoor mold growth can and should be prevented or controlled by controlling moisture indoors. If there is mold growth in your home, you must clean up the mold **and** fix the water problem. If you clean up the mold, but don't fix the water problem, then, most likely, the mold problem will come back.

Magnified mold spores.

Molds can gradually destroy the things they grow on. You can prevent damage to your home and furnishings, save money, and avoid potential health problems by controlling moisture and eliminating mold growth.

MOLD

CLEANUP

Leaky window – mold is beginning to rot the wooden frame and windowsill.

If you already have a mold problem –
ACT QUICKLY.
Mold damages what it grows on. The longer it grows, the more damage it can cause.

Who should do the cleanup? Who should do the cleanup depends on a number of factors. One consideration is the size of the mold problem. If the moldy area is less than about 10 square feet (less than roughly a 3 ft. by 3 ft. patch), in most cases, you can handle the job yourself, following the guidelines below. However:

- If there has been a lot of water damage, and/or mold growth covers more than 10 square feet, consult the U.S. Environmental Protection Agency (EPA) guide: *Mold Remediation in Schools and Commercial Buildings*. Although focused on schools and commercial

buildings, this document is applicable to other building types. It is available on the Internet at: www.epa.gov/mold.

- If you choose to hire a contractor (or other professional service provider) to do the cleanup, make sure the contractor has experience cleaning up mold. Check references and ask the contractor to follow the recommendations in EPA's *Mold Remediation in Schools and Commercial Buildings*, the guidelines of the American Conference of Governmental Industrial Hygienists (ACGIH), or other guidelines from professional or government organizations.
- If you suspect that the heating/ventilation/air conditioning (HVAC) system may be contaminated with mold (it is part of an identified moisture problem, for instance, or there is mold near the intake to the system), consult EPA's guide *Should You Have the Air Ducts in Your Home Cleaned?* before taking further action. Do not run the HVAC system if you know or suspect that it is contaminated with mold - it could spread mold throughout the building. Visit www.epa.gov/iaq/pubs to download a copy of the EPA guide.
- If the water and/or mold damage was caused by sewage or other contaminated water, then call in a professional who has experience cleaning and fixing buildings damaged by contaminated water.
- If you have health concerns, consult a health professional before starting cleanup.

MOLD **CLEANUP** GUIDELINES

BATHROOM TIP

Places that are often or always damp can be hard to maintain completely free of mold. If there's some mold in the shower or elsewhere in the bathroom that seems to reappear, increasing the ventilation (running a fan or opening a window) and cleaning more frequently will usually prevent mold from recurring, or at least keep the mold to a minimum.

Tips and techniques The tips and techniques presented in this section will help you clean up your mold problem. Professional cleaners or remediators may use methods not covered in this publication. Please note that mold may cause staining and cosmetic damage. It may not be possible to clean an item so that its original appearance is restored.

- **Fix plumbing leaks and other water problems as soon as possible. Dry all items completely.**
- **Scrub mold off hard surfaces with detergent and water, and dry completely.**

Mold growing on the underside of a plastic lawnchair in an area where rainwater drips through and deposits organic material.

Mold growing on a piece of ceiling tile.

- Absorbent or porous materials, such as ceiling tiles and carpet, may have to be thrown away if they become moldy. Mold can grow on or fill in the empty spaces and crevices of porous materials, so the mold may be difficult or impossible to remove completely.
- Avoid exposing yourself or others to mold (see discussions: **What to Wear When Cleaning Moldy Areas** and **Hidden Mold**.)
- Do not paint or caulk moldy surfaces. Clean up the mold and dry the surfaces before painting. Paint applied over moldy surfaces is likely to peel.
- If you are unsure about how to clean an item, or if the item is expensive or of sentimental value, you may wish to consult a specialist. Specialists in furniture repair, restoration, painting, art restoration and conservation, carpet and rug cleaning, water damage, and fire or water restoration are commonly listed in phone books. Be sure to ask for and check references. Look for specialists who are affiliated with professional organizations.

WHAT TO WEAR WHEN CLEANING MOLDY AREAS

Mold growing on a suitcase stored in a humid basement.

It is important
to take
precautions to
**LIMIT
YOUR
EXPOSURE**
to mold and
mold spores.

- **Avoid breathing in mold or mold spores.** In order to limit your exposure to airborne mold, you may want to wear an N-95 respirator, available at many hardware stores and from companies that advertise on the Internet. (They cost about \$12 to \$25.) Some N-95 respirators resemble a paper dust mask with a nozzle on the front, others are made primarily of plastic or rubber and have removable cartridges that trap most of the mold spores from entering. In order to be effective, the respirator or mask must fit properly, so carefully follow the instructions supplied with the respirator. Please note that the Occupational Safety and Health Administration (OSHA) requires that respirators fit properly (fit testing) when used in an occupational setting; consult OSHA for more information (800-321-OSHA or [osha.gov/](https://www.osha.gov/)).

- **Wear gloves.** Long gloves that extend to the middle of the forearm are recommended. When working with water and a mild detergent, ordinary household rubber gloves may be used. If you are using a disinfectant, a biocide such as chlorine bleach, or a strong cleaning solution, you should select gloves made from natural rubber, neoprene, nitrile, polyurethane, or PVC (see **Cleanup and Biocides**). Avoid touching mold or moldy items with your bare hands.
- **Wear goggles.** Goggles that do not have ventilation holes are recommended. Avoid getting mold or mold spores in your eyes.

Cleaning while wearing N-95 respirator, gloves, and goggles.

How do I know when the remediation or cleanup is finished?

- You must have completely fixed the water or moisture problem before the cleanup or remediation can be considered finished.
- You should have completed mold removal. Visible mold and moldy odors should not be present. Please note that mold may cause staining and cosmetic damage.
 - You should have revisited the site(s) shortly after cleanup and it should show no signs of water damage or mold growth.
 - People should have been able to occupy or re-occupy the area without health complaints or physical symptoms.
 - Ultimately, this is a judgment call; there is no easy answer.

MOISTURE AND MOLD **PREVENTION** AND CONTROL TIPS

MOISTURE Control is the Key to **Mold Control**

*Mold growing
on the surface
of a unit
ventilator.*

- When water leaks or spills occur indoors - **ACT QUICKLY.** If wet or damp materials or areas are dried 24-48 hours after a leak or spill happens, in most cases mold will not grow.

- Clean and repair roof gutters regularly.
- Make sure the ground slopes away from the building foundation, so that water does not enter or collect around the foundation.
- Keep air conditioning drip pans clean and the drain lines unobstructed and flowing properly.

Condensation on the inside of a window-pane.

- Keep indoor humidity low. If possible, keep indoor humidity below 60 percent (ideally between 30 and 50 percent) relative humidity. Relative humidity can be measured with a moisture or humidity meter, a small, inexpensive (\$10-\$50) instrument available at many hardware stores.

- If you see condensation or moisture collecting on windows, walls or pipes - ACT QUICKLY to dry the wet surface and reduce the moisture/water source. Condensation can be a sign of high humidity.

Actions that will help to reduce humidity:

- 💧 Vent appliances that produce moisture, such as clothes dryers, stoves, and kerosene heaters to the outside where possible. (Combustion appliances such as stoves and kerosene heaters produce water vapor and will increase the humidity unless vented to the outside.)
- 💧 Use air conditioners and/or de-humidifiers when needed.
- 💧 Run the bathroom fan or open the window when showering. Use exhaust fans or open windows whenever cooking, running the dishwasher or dishwashing, etc.

Actions that will help prevent condensation:

- 💧 Reduce the humidity (see preceeding page).
- 💧 Increase ventilation or air movement by opening doors and/or windows, when practical. Use fans as needed.
- 💧 Cover cold surfaces, such as cold water pipes, with insulation.
- 💧 Increase air temperature.

Renters: Report all plumbing leaks and moisture problems immediately to your building owner, manager, or superintendent. In cases where persistent water problems are not addressed, you may want to contact local, state, or federal health or housing authorities.

Rust is an indicator that condensation occurs on this drainpipe. The pipe should be insulated to prevent condensation.

Testing or sampling for mold Is sampling for mold needed? **In most cases, if visible mold growth is present, sampling is unnecessary.** Since no EPA or other federal limits have been set for mold or mold spores, sampling cannot be used to check a building's compliance with federal mold standards. Surface sampling may be useful to determine if an area has been

adequately cleaned or remediated. Sampling for mold should be conducted by professionals who have specific experience in designing mold sampling protocols, sampling methods, and interpreting results. Sample analysis should follow analytical methods recommended by the American Industrial Hygiene Association (AIHA), the American Conference of Governmental Industrial Hygienists (ACGIH), or other professional organizations.

HIDDEN MOLD

Mold growing on the back side of wallpaper.

Suspicion of hidden mold You may suspect hidden mold if a building smells moldy, but you cannot see the source, or if you know there has been water damage and residents are reporting health problems. Mold may be hidden in places such as the back side of dry wall, wallpaper, or paneling, the top side of ceiling tiles, the underside of carpets and pads, etc. Other possible locations of hidden mold include areas inside walls around pipes (with leaking or condensing pipes), the surface of walls behind furniture (where condensation forms), inside ductwork, and in roof materials above ceiling tiles (due to roof leaks or insufficient insulation).

Investigating hidden mold problems Investigating hidden mold problems may be difficult and will require caution when the investigation involves disturbing potential sites of mold growth. For example, removal of wallpaper can lead to a massive release of spores if there is mold growing on the underside of the paper. If you believe that you may have a hidden mold problem, consider hiring an experienced professional.

Cleanup and Biocides Biocides are substances that can destroy living organisms. The use of a chemical or biocide that kills organisms such as mold (chlorine bleach, for example) is not recommended as a routine practice during mold cleanup. There may be instances, however, when professional judgment may indicate its use (for example, when immune-compromised individuals are present). In most cases, it is not possible or desirable to sterilize an area; a background level of mold spores will remain - these spores will not grow if the moisture problem has been resolved. If you choose to use disinfectants or biocides, always ventilate the area and exhaust the air to the outdoors. Never mix chlorine bleach solution with other cleaning solutions or detergents that contain ammonia because toxic fumes could be produced.

Please note: Dead mold may still cause allergic reactions in some people, so it is not enough to simply kill the mold, it must also be removed.
