RE: House at 2438 Fleet Street

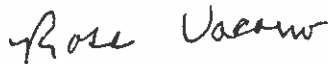

Baltimore, MD 21204

To Whom It May Concern:

The house that is mentioned above is in very poor shape inside. There is no heat, roof leaking, windows are out, front door is broken there is mold inside and Mr. Alan Planisak lives there. He has spent many winters there and he lives on very little Social Security, his health is not good. I feel that something should be done to help him or close the house down. He has no relatives that I know of at this time. I am a concern neighbor. The house is paid for that I know.

I would great appreciate if someone would check into this matter.

Sincerely
