

June 29th, 2026

Dear Shannon,

I hope you are doing well.

I am writing to respectfully bring to your attention an ongoing issue that has become increasingly difficult to live with. The pungent smell of dog waste is permeating through our shared wall and into my home, especially in the area underneath my stairs where my HVAC systems and water heater are located.

I have done everything I can to minimize the odor inside my home, including purchasing an air purifier, using odor-removing containers, and diffusing aromatherapy scents. Unfortunately, nothing has been effective in eliminating the pungent odor, which continues to affect my daily life and the comfort of my visitors.

I am kindly asking that you please find a solution to this problem as soon as possible. I truly hope we can resolve this matter as neighbors. However, if the pungent dog waste odor continues, I will have no choice but to seek assistance from Animal Control and the City Council, as this situation is having a significant impact on my quality of life.

Thank you for your prompt attention and understanding. I appreciate your cooperation and hope this matter can be resolved quickly.

Sincerely,

Magali B
