Received	08/12/2026 4:45:42 PM	william linebarger (+14434 699379)	I just left the water on the top front steps. I couldn't put it in the hall because I didn't have the keys to the front door on me. If someone takes the water, let me know, and I will go and get you some more. If you are coming straight from work, it should be there.

Sent	08/19/2026 5:07:49 PM	william linebarger (+14434 699379)	Hi, when are you coming to install the filter and stove? I am running out of the bottled water and will need more soon
Received	08/19/2026 5:55:08 PM	william linebarger (+14434 699379)	I will drop off some more water tomorrow and leave it it the hall. I will install the water filter on Friday . It's the kind that connects to the water faucet. I won't be able to bring the stove over until next week.

			 This is unacceptable. I sent you 3 reverse osmosis filters that I had researched and knew would work to filter out lead. I specified in my text that if for whatever reason one of those three wouldn't work, to tell me. You said you bought one of the three I sent you. This is completely different from anything I sent.
Sent	08/21/2026 6:56:47 PM	william linebarger (+14434 699379)	I have no reason to believe this is a reverse osmosis filter that will work for lead, and judging by how small it is, I'm guessing it isn't one. You need to provide a real reverse osmosis filter that works on lead and that I have approved ahead of time (a.k.a. one of the ones I sent earlier, or check with me if you want to use another one). If you don't I will stop paying rent (which is legal because you don't have a license to rent this out as an apartment) and I will contact the city.

			 I found the actual filter you bought. \$31. Nice. That's how much you're willing to invest in not poisoning me after a year of poisoning me. Well, you're going to end up losing out more than that when I just stop paying rent. Do you think I'm an idiot? You're a real piece of shit.
Received	08/21/2026 7:17:15 PM	william linebarger (+14434 699379)	The one that I bought wouldn't fit under the sink. This one says it removes lead.
Sent	08/21/2026 7:19:35 PM	william linebarger (+14434 699379)	I don't care if it claims to remove lead, I care that it actually does. That's why I carefully vetted the other options based on reviews. I don't believe you for a second that you bought one of the ones I sent. Otherwise you would have mentioned it instead of casually trying to get away with it like you did
Sent	08/21/2026 7:20:19 PM	william linebarger (+14434 699379)	One of the ones I sent is a countertop option. You easily could've gotten that one.
Received	08/21/2026 7:23:37 PM	william linebarger (+14434	OK, I will continue to supply with all the bottles of water you need, so I don't understand why you are so angry. All the pipes in the house were replaced years
