

Please install a **“DO NOT BLOCK INTERSECTION”** sign on the EASTBOUND side of Druid Park Lake Dr. This is located at the intersection of Druid Park Lake Dr. and McCulloh St.

During rush hour traffic, EASTBOUND traffic on Druid Park Lake Dr. has been observed on multiple occasions blocking the intersection at McCulloh St. When the traffic-light at McCulloh turns green, the northbound McCulloh St traffic cannot proceed through the intersection because the EASTBOUND Druid Park Lake Dr traffic is blocking the intersection. (For location: See Google map picture below).

Thank you for your time and attention with this matter.
