

Bill Summary

Josueh Irigoyen
806 E Jeffrey St
Baltimore, MD 21225
Account # 7400550387
Issued Date: August 31, 2026

Previous Balance	\$230.98
Payments Received August 24, 2026	-\$230.98
BGE Outstanding Balance	\$0.00
Electric	\$244.23

Total amount due by September 23, 2026	\$244.23
---	-----------------

Payment received after September 23, 2026 will incur a late charge.

A late payment charge is applied to the unpaid balance of your BGE charges. The charge is up to 1.5% for the first month; additional charges will be assessed on unpaid balances past the first month, not to exceed 5%.

The amounts shown in the circles reflect charges from this bill period.

BGE Supply Price Comparison Information: The current price for Standard Offer Service (SOS) electricity is 14.609 cents/kWh, effective through September 30, 2026. SOS electricity will cost 15.223 cents/kWh beginning October 1, 2026 through May 31, 2027. The weighted average price of SOS electricity will be 15.005 through May 31, 2027. The price for SOS from June 1, 2027 through September 30, 2027 will be set in November 2026.

IMPORTANT INFORMATION ABOUT YOUR BILL

- The Maryland General Assembly established the Public Service Commission to regulate public service companies doing business in Maryland, to ensure their activities are consistent with the public interest. For information on how to participate in or observe a proceeding before the Public Service Commission, please visit the Public Service Commission's website.
- **Moving?** To stop or transfer service, contact BGE at least 3 business days prior to your move date. You are responsible for all service at your present address until you notify us.
- The EmPower MD charge funds programs that can help you reduce your energy consumption and save you money. For more information, including how to participate, go to BGESmartEnergy.com.
- Even out your energy bills with Budget Billing-sign up at BGE.com/budget billing.

ATTENTION!

We know bills are high and that matters to us.

MARYLAND'S ENERGY PROBLEM — AND WHAT IT MEANS FOR YOUR BILL.

Blackout Risk

When demand is high ↗ and power supply is low ↘ the system becomes less stable, extreme heat and cold increase outage risk and blackouts become more likely.

Not enough power means higher bills and higher risk for customers.

If Nothing Changes...

- ↗ Blackout risk increases
- ↗ Energy prices keep rising
- ↗ Private power plant company profits grow

Why your electric bill is going up ↗

The biggest part of your bill is the cost of PJM Supply which is generated by private power plant owners like Calpine, NRG, Talen Energy, Vistra and Constellation.

Customers are seeing the impact of multiple forces at once. These factors together are driving upward pressure on bills.

PJM Supply costs

A charge for the electricity provided to you during the billing period. BGE does not control or profit from PJM Supply costs.

Delivery costs

The cost of wires, poles and equipment that deliver electricity safely and reliably to your home or business.

Fees

State and local taxes, fees, and credits including EmPOWER Maryland charges that fund energy-efficiency programs that are paid directly to the state or support state programs.

What BGE is doing for customers

Connecting customers to available assistance, including through our Customer Relief Fund.

Expanding programs that help reduce energy use and lower bills.

Protecting customers from cost impacts tied to large energy users like data centers.

Investing in technology to reduce outages and keep costs lower over time.

Advocating for utility generated energy to increase supply.
