Description of work

Arrived and checked in with homeowner. She explained that her basement laundry sink is backing up when fixtures are used, and that the outside cleanout has overflowed and the cap came off of it. I can see sewage around the outside cleanout and inside of the basement laundry sink. I opened the outside cleanout cap and I could see it holding water so the main line will need to be snaked out and inspected. I gave her the option to snake it out and she accepted. I snaked a total of 45 ft, hitting the clog at about 15 ft and heard water drain once I got past that spot. I ran fixtures in the home for 15+ minutes to ensure everything was now draining properly. I did pull back roots from the line. Line is now open and flowing. Camera inspection will be followed up later today.

Task #	Description	Quantity	Price	Total
DRAIN-MAIN-S-001	**Main from Cleanout** Access and clear main sewer line via cleanout Remove clogs or debris and inspect line condition Verify free-flowing wastewater exit Main Drain cleanings come w/ a 12 month limited warranty: **12-Month Drain Warranty:** *All drain cleaning services include a 12-month warranty when a camera inspection is completed within 5 business days after service and confirms the line is in a condition that qualifies for warranty coverage.
