

COVID-19 Testing for Adult Surgical and Procedural Patients (Inpatient Only)

Baptist Health is committed to safety. That's why patients who are having an inpatient surgery/procedure are required to be tested for COVID-19 four days prior. This includes those who are vaccinated and have no symptoms or reason to believe they may be COVID-positive.

Surgery Day	Testing Day
Sunday	Wednesday prior to surgery
Monday	Thursday prior to surgery
Tuesday	Friday prior to surgery
Wednesday	Saturday prior to surgery
Thursday	Sunday prior to surgery
Friday	Monday prior to surgery
Saturday	Tuesday prior to surgery

- A physician order is required to perform a COVID-19 test
- After completing the COVID-19 screening, patients should self-isolate until the day of their surgery or procedure to prevent exposure
- Positive results will be called to the ordering physician, and the surgery or procedure will be canceled
- On the day of surgery, patients will be screened for fever and COVID-19 symptoms prior to entry into the building
- For Baptist Health's visitation policy, visit [baptistjax.com/services/covid19/patients-visitors](https://www.baptistjax.com/services/covid19/patients-visitors)
- All patients and visitors will be required to wear a mask or face covering in accordance with CDC recommendations and Baptist Health's masking policy
