Nurses by the numbers

BSN and Certified Nurses based on 2020 data

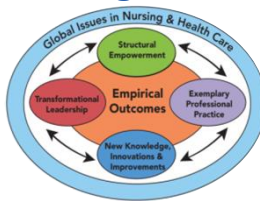

40 nurses were chosen from Baptist Health for the Great 100 Nurses award!

Congratulations to our 4 Baptist Beaches winners:

- **Mary French**, BSN, RN
- **Kymberlee Hutchens**, MSN, RN
- **Terell Reglin**, BSN, RN
- **Elizabeth Usher**, BSN, CCRN, RN

Magnet 4.0

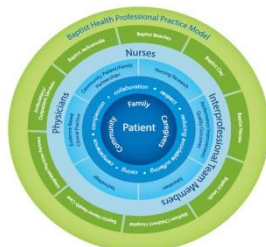

Developed by the American Nursing Credentialing Center (ANCC) to recognize quality patient care, nursing excellence, and innovations in professional nursing practice, the Magnet Recognition Program provides consumers with the ultimate benchmark to measure the quality of care that they can expect to receive. Fewer than seven percent of hospitals in the country achieve this status by the ANCC and it is considered the "gold standard" for nursing and clinical care.

We are working towards our 4th Magnet designation. We will be submitting our Magnet Application in August 2020.

A message from our CNO, Tammy Daniel, "Magnet is a journey that we continue to take as we always strive to improve and face our challenges with the best evidence available. Baptist nurses are the best."

Professional Practice Model

A professional practice model provides the framework for the highest quality care to patients, families and the community through our Care Delivery System.

Quote: *As I reflect on my career I truly believe Nursing is a calling. When I say calling I feel that the profession chose me not that I chose the profession. Being able to provide not only physical care but emotional support as well is a privilege. Nursing is a very difficult job and when I look around I am always amazed with the compassion and empathy I see each and every day. My love for nursing and "love" for the patient has transformed into my personal life as my son chose nursing as a career.*

Baptist Medical Center Beaches

Community Involvement

Baptist Beaches encourages its team members to make a difference in their community. During 2019 Baptist Beaches RN's totaled more than 2,228 volunteer hours.

Evidence Based Practice Nursing Projects

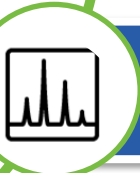

Baptist Beaches believes that the delivery of superior patient care is driven by the relentless pursuit to improve clinical quality. The incorporation of a research and evidence-based approach in clinical and operational processes is integral to guide clinical practice and enhance patient outcomes.
