Quote: *Nursing is truly the most rewarding and dynamic career anyone could ever have. It allows us to serve others at all levels be it at the leadership level or directly at the bedside. I truly love the team I work with and I am proud of the amazing care they provide every day to our patients and community.*

## Magnet 4.0

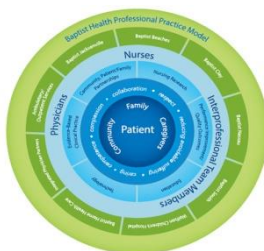

Developed by the American Nursing Credentialing Center (ANCC) to recognize quality patient care, nursing excellence, and innovations in professional nursing practice, the Magnet Recognition Program provides consumers with the ultimate benchmark to measure the quality of care that they can expect to receive. Fewer than seven percent of hospitals in the country achieve this status by the ANCC and it is considered the "gold standard" for nursing and clinical care.

We are working towards our 4<sup>th</sup> Magnet designation. We will be submitting our Magnet Application in August 2020.

A message from our CNO, Tammy Daniel, *"Magnet is a journey that we continue to take as we always strive to improve and face our challenges with the best evidence available. Baptist nurses are the best."*

## Professional Practice Model

A professional practice model provides the framework for the highest quality care to patients, families and the community through our Care Delivery System.

# Wolfson Children's Hospital

## Evidence Based Practice Nursing Projects

Wolfson Children's Hospital believes that the delivery of superior patient care is driven by the relentless pursuit to improve clinical quality. The incorporation of a research and evidence-based approach in clinical and operational processes is integral to guide clinical practice and enhance patient outcomes.

### Community Involvement

Wolfson Children's Hospital encourages its team members to make a difference in their community. During 2019 Wolfson RN's totaled more than 6,487 volunteer hours.

Enhanced Recovery After Surgery (ERAS)

Measles Alert Notification System

Implementation of a Sleep Baby Safety Program
