based on 2020 data

Magnet 4.0

Developed by the American Nursing Credentialing Center (ANCC) to recognize quality patient care, nursing excellence, and innovations in professional nursing practice, the Magnet Recognition Program provides consumers with the ultimate benchmark to measure the quality of care that they can expect to receive. Fewer than seven percent of hospitals in the country achieve this status by the ANCC and it is considered the "gold standard" for nursing and clinical care.

We are working towards our 4th Magnet designation. We will be submitting our Magnet Application in August 2020.

A message from our CNO, Tammy Daniel, "Magnet is a journey that we continue to take as we always strive to improve and face our challenges with the best evidence available. Baptist nurses are the best."

Professional Practice Model

A professional practice model provides the framework for the highest quality care to patients, families and the community through our Care Delivery System.

Baptist Medical Center Nassau

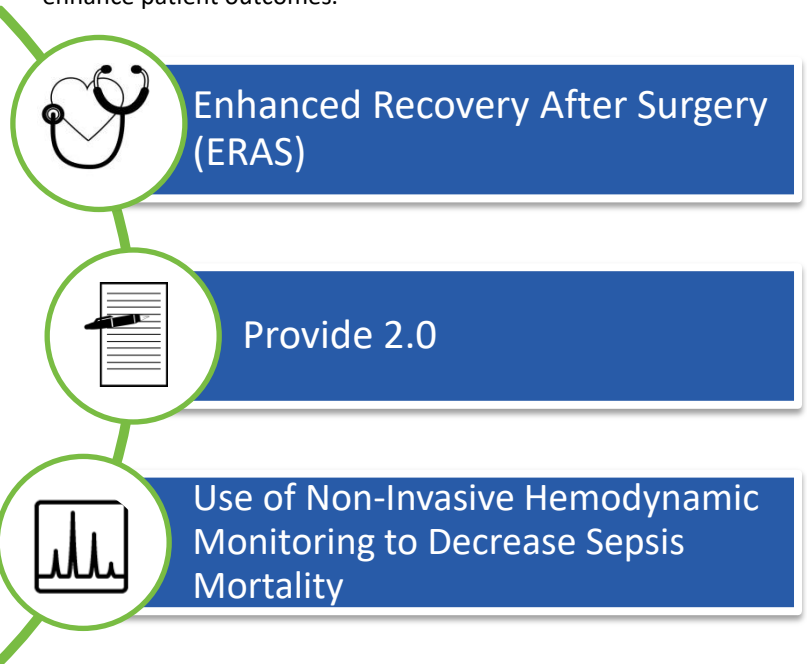

Community Involvement

Baptist Nassau encourages its team members to make a difference in their community. During 2019 Baptist Nassau RN's totaled more than 1,200 volunteer hours.

Evidence Based Practice Nursing Projects

Baptist Nassau believes that the delivery of superior patient care is driven by the relentless pursuit to improve clinical quality. The incorporation of a research and evidence-based approach in clinical and operational processes is integral to guide clinical practice and enhance patient outcomes.
