PERMABLOK CARE & CLEANING

The PERMABLOK® finish protects material from stains and abrasions, making it easy to clean.

It is always recommended to clean the material immediately if it comes in contact with substances like grease, blood, sauces, lipstick, wine or coffee to prevent permanent stains and/or build-up.

Cleaning Method

- We recommend cleaning at least once a week to extend the lifespan of the upholstery, preventing dirt and contamination from building up and stains from becoming permanent. If there is a spill, wipe off any excess right away with a dry white cloth or fabric, but don't spread it all over the surface.
- Clean the whole surface in circular motions using liquid hand soap (pH neutral) and water (1 part soap to 9 parts water). Wipe with a clean damp cloth to get rid of any excess soap. Repeat as needed and then let dry.
- If there is any build-up that can't be removed with soapy water, use as a last resort the following mixture: 1 part isopropyl alcohol to 9 parts water. (Remember, using alcohol on a regular basis can affect the properties of the product).
- Once a month, you can use a soft-bristle brush for a deeper cleaning. Remember, light colors need more care, more often.

Never Use

- Solvents like paint thinner, Varsol, acetone, whiteners, waxes, silicones or detergents and/or cleaning products that are not pH neutral.
- Products that are more than 50% alcohol.
- Don't make marks on the product with pens or markers, it may absorb the ink and stain permanently.
- Cleaning tools like plastic or wire sponges, or hard-bristle brushes that can damage the material permanently.

CLEANING INFORMATION IS OFFERED FOR GENERAL GUIDANCE ONLY AND IS NOT A GUARANTEE. THE USE OF CERTAIN CLEANING AGENTS MAY BE HARMFUL TO THE APPEARANCE AND LIFESPAN OF THE PRODUCT. UNITED FABRICS ASSUMES NO RESPONSIBILITY FOR DAMAGE TO A PRODUCT RESULTING FROM LACK OF CLEANING, IMPROPER CLEANING, OR THE MISAPPLICATION OF CLEANING AGENTS. CERTAIN CLOTHING AND ACCESSORY DYES MAY MIGRATE TO MATERIALS AND CAUSE PERMANENT DAMAGE OR DISCOLORATION.
