

Vantage III

VERDON • LUZON • SOMERSET WEAVE • ELVERUM

Versa's Vantage III is superior wall protection with evo® PVC-free technology. This 33 oz. material provides specifiers choice in material without compromising the beauty, quality, and durability of the product. Vantage III is constructed of olefin composite, contains 30% recycled content, and exceeds Type III performance standards. Engineered for heavy traffic spaces, it is scratch, puncture, tear, and stain resistant.

Elverum combines a chiseled emboss with a multicolor striation to bring dimension to the walls. Available in a diverse 16 sku palette inspired by Earth's minerals.

Luzon has a sculptural vertical emboss providing a natural woven effect with a warm and inviting color palette. Available in 17 colorways.

Somerset Weave is a crisp stitched linen with a tailored design and beautiful matte finish. Available in 17 colorways ranging from playful colors and usable neutrals.

Verdon is a refined silk with a sophisticated neutral palette and diverse color range. Available in 16 colorways.
